

Bio UNCDF Big Data Assessment Team

Robin Gravesteijn | Data Management Specialist (Analytics & Research)

SHIFT, Cleanstart, SEA

Dr. Robin Gravesteijn is Data Management Specialist (Analytics and Research), at the UNCDF office in Bangkok working under its SHIFT and Cleanstart programmes. He manages a data and analytics hub that uses financial inclusion related data to inform development policies and practices of financial service providers, investors and regulators in South East Asia.

With 10 years of working experience in development finance, Robin managed social performance monitoring and client-outcome assessments at Oikocredit. From 2008 to 2013 he was also seconded to the ILO Social Finance Program conducting impact evaluation and offering technical support to two microfinance institutions in Central Asia launching SME- and women's business loan programs. He further worked in the commercial banking sector and at the Rabobank Foundation.

Robin received his Ph.D. from the University of Bath in Social and Policy Sciences and holds MScs in Development Studies (Cum Laude) and Economics from Utrecht University.
