

Mike MacDonald
Chief Digital Officer and Executive Consultant
Huawei

Mike is a 20 year ICT veteran with a focus on digital transformation, technology leadership, industry trends, and customer insight. He has been with Huawei for 9 years and currently operates as Huawei's Chief Digital Officer and Executive Consultant. Mike is a seasoned presenter and keynote speaker with an ability to engage audiences and CXOs by distilling complex technology and analytics into real actionable business language.

Mike has previously held several CXO roles including CEO of a global SaaS and IoT startup, Chief Solution Officer at a leading Cisco/Nortel Solutions Integrator, and Chief Technical Officer at Nortel Asia. He has lived in Asia for 14 years and has in-depth local and regional knowledge on consumer and operator behaviour.
