Giga in Asia and the Pacific: The Step Forward

"Greater Schools Connectivity in the Asia and the Pacific: One Step Towards Sustainable Education" Webinar

7 August 2020

Activity: Webinar on "Greater Schools Connectivity in the Asia and the Pacific: One Step Towards Sustainable Education"

Date: 7 or 10 August 2020

Objectives:

- Introduce the Giga project in the ASP region to ITU Members and partners;

- Identify areas of focus for the region; and

- Initiate discussions with countries and partners interested in the Giga implementation.

Outputs:

- Proposal to develop ITU ASP Giga information and resource website

- Proposal to conduct ASP Giga Feasibility and Readiness Study

- Network of countries and agencies with common goals
