

## Agenda

[5 min]	<b>Welcome and overview of the session</b> (moderator)
[20 min]	<b>Introductory remarks by the co-organizers</b>
<b>Building block 1: Universal access to internet connectivity</b>	
Question 1: What are the critical solutions to developing robust and reliable ICT infrastructure that can provide universal, affordable, and safe connectivity?	
[5 min]	<b>Keynote – Commission on the Status of Women (CSW)</b>  Regional commitments from the Action Coalition on Technology and Innovation for Gender Equality of the Generation Equality Forum and the 67th Session of the CSW.
[30 min]	<b>Roundtable discussion</b>  The roundtable discussion will bring stakeholders to discuss the policy actions and recommendations needed to ensure internet connectivity, access, usage, affordability, and digital inclusion for everyone and in all places.
[15 min]	<b>In-depth case studies</b>  The in-depth case studies will provide concrete examples of initiatives that may be scaled up in the region to achieve this objective.
[5 min]	<b>Q&amp;A and wrap-up of building block 1</b>  The floor will be open to questions from the audience.
<b>Building block 2: Green and digital - Sustainable digital transformation and digital transformation for sustainability</b>	
Question 2: What effective policies or actions can governments implement to manage e-waste and make ICT and digital solutions and devices circular and sustainable?	
Question 3: How can innovative ICT-based solutions and emerging technologies be leveraged to support governments in mitigating environmental risks and challenges?	
[5 min]	<b>Keynote speaker</b>
[30 min]	<b>Roundtable discussion</b>  This roundtable will bring stakeholders to discuss the policy actions needed to foster the circularity and sustainability of electronic devices, and manufacturing. It will also shed light on digital solutions' role in climate change mitigation and adaptation.

[20 min]	<p><b><i>In-depth case studies</i></b></p> <p>The in-depth case studies will provide concrete examples of initiatives that may be scaled up in the region. On the one hand, reduce and manage negative externalities of ICTs on the environment, and on the other hand, capture the benefit of ICTs for climate change mitigation and adaptation.</p>
[5 min]	<p><b><i>Q&amp;A and wrap-up of building block 2</i></b></p> <p>The floor will be open to questions from the audience.</p>
[10 min]	<p><b><i>Break</i></b></p>
<p><b><i>Building block 3: Innovative partnerships toward inclusive and sustainable digital development</i></b></p> <p>Question 4: Which kind of partnerships are needed to achieve this objective, and what are the effective mechanisms that can be leveraged?</p>	
[20 min]	<p><b><i>Moderated session</i></b></p> <p>Based on the insights gained throughout the roundtable, this concluding segment will bring regional and national actors to reflect jointly on the partnerships and mechanisms needed to foster inclusive and sustainable digital development.</p>
[10 min]	<p><b><i>Wrap up of the Peer Learning Round Table and concluding remarks</i></b></p>
