

What, where, when... and good reasons to attend

Cybersecurity in Romania

A macro-regional public-dialogue platform

September 14-16, 2015

TOP INSTITUTIONAL AND PROFESSIONAL PARTNERS

Since its beginnings, the congress is supported by the ITU (and was awarded the title of “best practices example” by the ITU/D regional initiative in may 2015)

It is held under the Aegis and in presence of the **Swiss Embassy in Romania**

TOP INSTITUTIONAL AND PROFESSIONAL PARTNERS International. Absolutely.

Since this edition, the congress is made in collaboration with

- (MD) **Ministry of Communications** of the Republic of Moldova, together with the CTS (Centre of Special Telecommunications) and the CSC (National Center for Cybersecurity)
- (CH) **Ministry of Economy and Internal Affairs of the Canton and Republic of Geneva**, together with the **Geneva Cybercrime Police Unit**
- (CH) **CLUSIS** (Swiss Professional Association for Information Security)

Institut des hautes études
de Défense nationale
AR 10 Franche-Comté

VIP foreign delegations (speakers and attendees from public and private sector) led by:

- (FR) The regional think-tank Bourgogne-Franche Comté of the **IHEDN** (Institut des Hautes études de la Défense Nationale)
- (IT) **Poste Italiane** together with **Polizia Postale** and **GCSEC**.
- (BG) IT companies professional associations from Sofia, Ruse and Varna.

1. QUALITY CHART

	2013	2014	2015	+/-
Speakers	29	57	53	-
- Speakers institutions	16	19	20	+
- Speakers academics	1	6	4	-
- Speakers private sector	12	32	29	-
- Speakers from abroad	8	22	23	+
Participants	72	157	227	+
Total	101	214	280	+

- Since 2013, we build one of the few neutral, balanced multi-stakeholder congress in SEE, and one of the fastest-growing quality communities (State institutions, ItSec companies, academia, private sector,).
- Since 2014, the speakers are selected by the Organizers together with the main Partners (**Larger Slots, less Speakers**).
- The 2015 edition gathered **53 speakers** addressed to **280 participants** from state institutions and private sector, representing **17 countries**.
- In 2015, the congress was recognized "**Best Practices Example**" by the ITU/D

2. Sharing knowledge

The papers are, in a compulsory way, non-technical and non-marketing. Each speaker shares real experiences in a way all attendees (even those with few IT or ITsec background) can understand.

A plenary day with shorter interventions on broad topics and a day with two parallel tracks and longer, more niche-focused slots allow participants to have an overall view of “what’s hot” and then choose the most important topics they want to understand better.

3. Networking Paradise

Take one of the most charming medieval cities of Europe. Imagine 250 people, used to network in the halls of 5* hotels worldwide, spread in terraces of nice coffee-shops, gathered in unconventional traditional dinners and benefitting of state-of-the-art fully equipped B2B rooms + day-long coffee lounges.

And maybe you don't know that... world-wide trusted companies and teams such as Bitdefender (100% RO), Avira or Kaspersky (R&D teams) – are based in Romania!

4. Community Building

Meet the best State and Private professionals from SEE and Romania in a unique way. In capital cities, State and Private VIPs come, deliver their speech, and leave usually very quickly. By us, they stay 2 days to network, discuss, share.

All SEE institutions and major companies present at the precedent editions are coming back and the community created in Sibiu is growing year after year.

Selected press is also invited to meet the main speakers and companies.

5. Feel at Home

From your landing to the moment of your check-in for departure, everything is Included for foreign delegates: transfer to your hotel, coffee lounge all day, lunches, dinners.

And unbeatable special deals with selected hotels. We do not "*pamper*", we just take care of each one of our attendees, so they can focus on what really matters: interact, share, meet and... enjoy a unique city.

6. Easy to reach

With two daily LH flights to Munich and one OS flight to Vienna, you reach Sibiu from any European major city within 3-5 hours including transit time. Another option is Cluj Airport (CLJ) with more direct flights, at 2h30 by car (we provide private transfers on demand)
