# ITU Academia

Smart Partnership for ICT4SDG

Jaroslaw K. PONDER
Coordinator for Europe Region
eurregion@itu.int
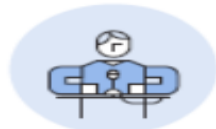

ITU Academia Members

193 Member States + over 700 Sector Members + 130 Academia

More than 130 universities and research centers

in **40+** countries

ITU Academia
Membership Benefits

Get discounts: 80% on publications,

Get visibility on the international scene

Raise the profile of your institution

Participate / Lead Study Groups on emerging issues on the ICT field

Increase your technical knowledge

BE EMPOWERED.

BE A MEMBER.

Contribute to international standards and best practices

Launch innovative public-private partnerships

Share your expertise and access training and specialized seminars

Engage in global and regional debates

Get access to world-leading ICT statistics and studies

Become an editor or rapporteur of ITU documents

Network with ICT regulators, policy-makers and experts

ITU Membership
## Platforms & Products

ITU Academy

Education   **Training**   **Resources**

- **Professors Serve as Expert Presenters**

- **100 Training Activities** in **32 Centers of Excellence** Worldwide

ITU Journal

Disseminating Research on ICT Development and Innovation
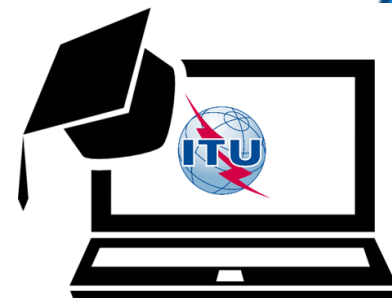

Scholarly

Professional

Peer-reviewed

ITU is Looking For Renowned ICTs Experts:
- ✓ to be on the **Editorial Board**
- ✓ to **author** high-quality original research + review articles

Study Groups & Questions

ITU-D Study Group 1

Enabling Environment for the Development of Telecommunications/ICTs

9-23 September 2016,

ITU Headquarters,

Geneva, Switzerland

ITU-D Study Group 2

ICT Applications, Cybersecurity, Emergency Telecommunications and Climate-change Adaptation

26-30 September 2016,

ITU Headquarters,

Geneva, Switzerland

ITU-D Study Questions (1)

- **Question 1/1:** Policy, regulatory and technical aspects of the migration from existing networks to broadband networks in developing countries, including next-generation networks, m-services, OTT services and the implementation of IPv6

- **Question 2/1:** Broadband access technologies, including IMT, for developing countries

- **Question 3/1:** Access to cloud computing: Challenges and opportunities for developing countries

- **Question 4/1:** Economic policies and methods of determining the costs of services related to national telecommunication/ICT networks, including next-generation networks

- **Question 5/1:** Telecommunications/ICTs for rural and remote areas

- **Question 6/1:** Consumer information, protection and rights – Laws, regulation, economic bases, consumer networks

- **Question 7/1:** Access to telecommunication/ICT services by persons with disabilities and with specific needs

- **Question 8/1:** Examination of strategies and methods of migration from analogue to digital terrestrial broadcasting and implementation of new services

- **Resolution 9:** Participation of countries, particularly developing countries, in spectrum management

www.itu.int/ITU-D/study-groups/

ITU-D Study Questions (2)

ICT applications and cybersecurity:

- **Question 1/2:** Creating the smart society: Social and economic development through ICT applications

- **Question 2/2:** Information and telecommunications/ICTs for e-health

- **Question 3/2:** Securing information and communication networks: Best practices for developing a culture of cybersecurity

- **Question 4/2:** Assistance to developing countries for implementing conformance and interoperability programmes

Climate change, environment, emergency telecommunications:

- **Question 5/2:** Utilization of telecommunications/ICTs for disaster preparedness, mitigation and response

- **Question 6/2:** ICT and climate change

- **Question 7/2:** Strategies and policies concerning human exposure to electromagnetic fields

- **Question 8/2:** Strategies and policies for the proper disposal or reuse of telecommunication/ICT waste material

Question 9/2: Identification of study topics in the ITU-T and ITU-R study groups which are of particular interest to developing countries

www.itu.int/ITU-D/study-groups/

Partnering Together 4 SDG

Impact Study

On ICT④SDG

Partnership Dialogue

On ICT④SDG

Impact Study on *Overcoming the Innovation Divide for Economic Growth, Business Development, Job Creation and Empowerment through ICTs*

Multi-stakeholder Partnership on *ICTs for the Sustainable Development Goals*

**15th & 16th September
ITU Headquarters
Geneva, Switzerland**

**30th September
ITU Headquarters
Geneva, Switzerland**

Innovation Platforms

PARTNER with ITU

Policy Toolkit

Do-it-yourself policy toolkit

- Self assessment report similar to country reviews
- Coming Q1 2017

Flagship Projects

Country Reviews

A comprehensive national review with specific guidelines and recommendations for ICT centric innovation fostering.

- A country report
- Contribute to best practices and a framework policy toolkit (do-it-your self country review)

Project Toolkit

Do-it-yourself toolkit to for high impact **grassroots flagship projects** for digital transformation

- Guidelines, recommendations, DIY activities
- High impact scalable projects
- New tools and resources enabling stakeholders (e.g. open ideation, expert groups access)
- Coming Q1 2016

Co-Create Advisory

Innovation management facilitation

- Access to innovation experts via co-create community
- Innovation facilitation for any problem: in BDT (e.g. study group challenge), in membership (e.g. Agora EUR5 Regional initiative)

Ecosystem Reviews

A quick review of the ecosystem, addressing needs and ecosystem impact projects

- A report on the ecosystem review findings
- A community manifesto fostering collaboration
- Engagement and empowerment of local ecosystem
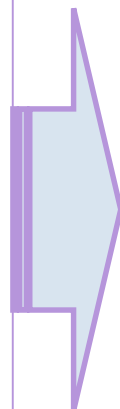

ITU

# Partnering 4 Projects
ICT Development Fund

ICT-DF contributes to the promotion of sustainable development though the implementation of 16 on-going ICT national, regional and global development projects.

As a seed funding initiative, the ICT-DF seeks *partnerships* to support the ITU membership for such priority areas:

Capacity Building

Climate Change

Cybersecurity

Digital Inclusion

Emergency Telecommunications

ICT Applications

Innovation

Regulatory and Market Environment

Statistics and Indicators

Spectrum management and Broadcasting

Assistance to countries in special need
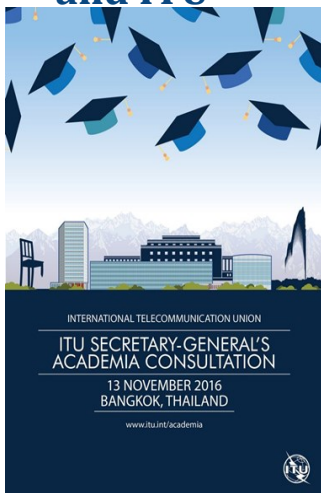

ICT-DF ON-GOING PROJECTS BY THEMES

Joining US

ITU TELECOM WORLD '16

Bangkok 14–17 November

ITU Secretary General's Academic Consultation
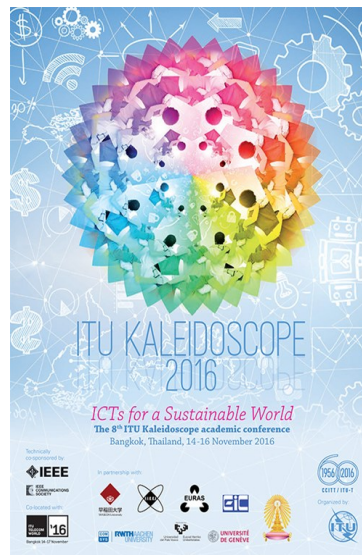

- **This aims to Consult on how ITU can best meet Academia needs and expectations, and to Strengthen collaboration between Academia and ITU**

  » **13 November 2016**

  » **Bangkok**

  » **Thailand!**

ITU Kaleidoscope

- **This aims to Facilitate Networking and provide a Platform for Dialogue between experts and academia**

  » **14-16 November 2016**

  » **Bangkok**

  » **Thailand**

Thank You
