appointed CRPD focal point for disability and new technologies

4 December 2019

# EU report and COs

- adoption of equal treatment legislation, including the provision of RA
- accessible and inclusive voting for all persons with disabilities
- deinstitutionalisation and to strengthen the monitoring of the use of the ESIFs
- support services for persons with disabilities in local communities
- legal capacity can be exercised all their rights given by EU treaties and EU legislation
- guaranteed access to justice, prohibit involuntary detention and treatment, including forced sterilisation and abortion
- EU policy on humanitarian aid and international cooperation
- access for all children with disabilities to inclusive and quality education in European schools

# What does the UNCRPD do?

## **GENERAL COMMENTS**

accessibility

right to inclusive education

right to independent living

# What can we recommend?

## *Three aspects*

reasonable accommodation

community-based services

supported decision-making regime

*creativity and markets*

*social values*

*moral principles and proper  
legislation*

*research*

# Three visions

wearable devices

invasive devices

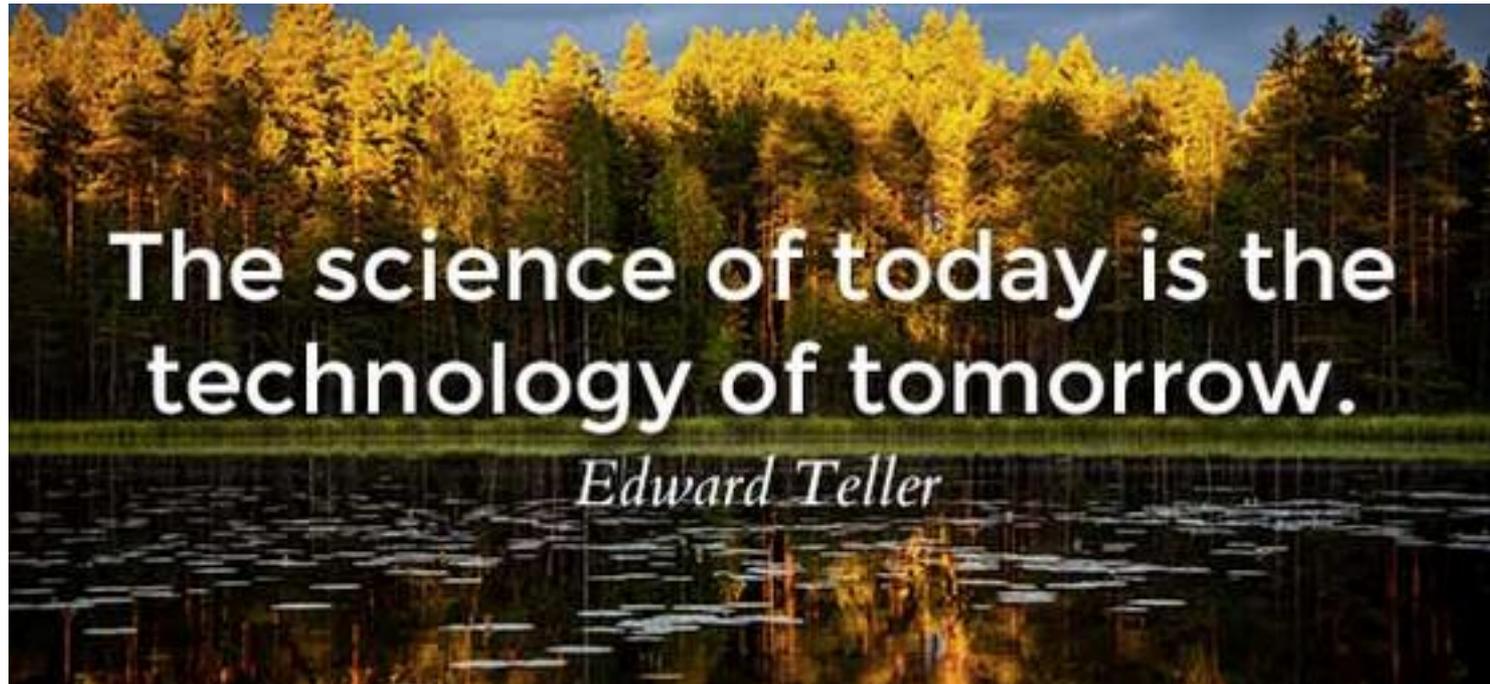

AI and robotics

# The future has arrived?

The market of artificial intelligence software will grow from USD 9.5 billion in 2018 to almost USD 120 billion by 2025.

**...it's only the beginning!**
