PARLIAMENTARY SECRETARIAT  
FOR PERSONS WITH DISABILITY AND ACTIVE AGEING

Event details: Premju Soċjetà Ġusta is a celebration of the great deal of work, commitment and dedication being undertaken by the people involved in the disability sector. This has become an annual event and it is being held as part of the celebrations that take place during the week dedicated to disability in December of each year.

The purpose of the awards is to celebrate the achievements of individuals and organisations who are supporting a disability rights-based culture. The Government is duty bound to express its appreciation to all those working towards the creation of a more inclusive Maltese society whereby people with disability and their close network, such as family members, carers and supporters, can experience accessibility and conditions that encourage independent community living. The core principle that will guide these Awards is to have a society whereby persons with a disability participate actively in the community.

The programme of the event will be announced closer to date of event. Details will be communicated directly to interested participants. This evening event concludes with a reception.
