2021. The year of high technologies. But.

- What is offered to many people who **cannot make a call to 112?**
- They should have a **fax machine** with them
- They need a **power supply**
- You **need to fill** in and send a document (see left)
- Whether at **home** or on the **road!**
- Is this still **up to date** and practicable at all?

**But don't worry.
We already have the solution.**

What our target group is.

- We don't have a special target group.
- HandHelp™ - Life Care can save **everyone**.
- Speech impaired. Hard of hearing. Deaf. Deafblind.
- Children. Adults. Seniors. Man. Woman...Everyone!
- Your nationality. Your age. Your location.

It doesn't matter. Everyone can be saved everywhere.

What the USP of HandHelp™ - Life Care is.

- Emergency call transmission to the **police or fire department**
- Transmission of emergency **rescue profiles**, e.g. allergy, medication, disability, blood type, etc. (emergency card)
- Message including **photo / sound** documentation as evidence
- **Accurate positioning** via GPS, GSM, WLAN and BEACONS
- Communication **Channels:** SMS, Email, WEB, Video Telephony, Chat, Voice SMS, Fax, etc.
- **Immediately implementable in any country without new infrastructures**
