

NAVIGATING THE ITU ACADEMY

Capacity and Digital Skills Development Division

Hcbmail@itu.int

Explanation of what the ITU Academy is

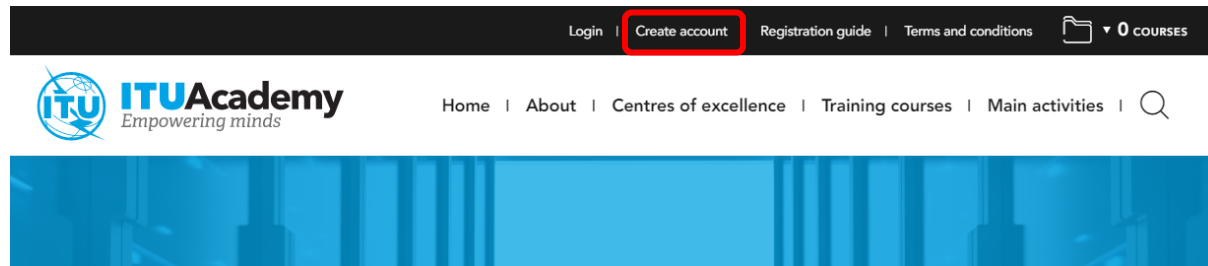

“ITU Academy is the main online gateway to ITU’s capacity development activities. It brings together under one umbrella a wide range of training activities and knowledge resources in the field of information and communication technologies (ICTs) and digital development.”

How to create an account and login? <https://academy.itu.int/>

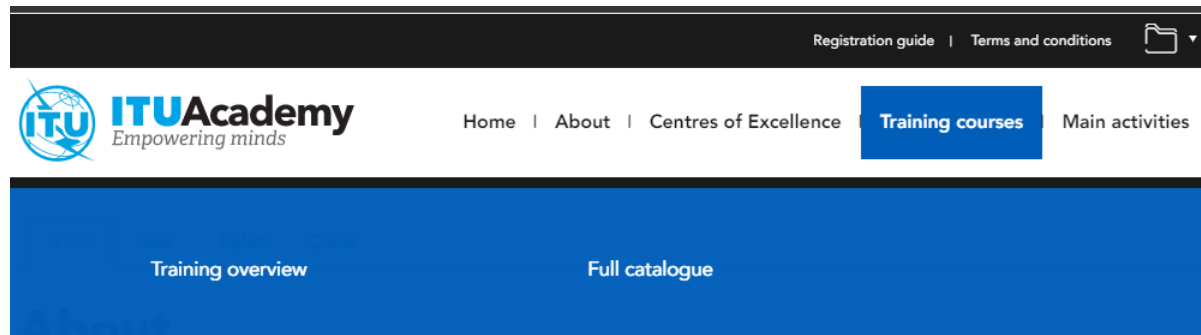

- As a visitor, you can create a student account at any time.
- Being a student in the ITU Academy website will allow you to enroll in the different available courses.
- To create a new account, click on the 'Create account' button on the top menu bar, which will redirect you to a form.

- After filling all the information, click on the 'Create new account' button at the bottom of the form. You will shortly receive a new email with further instructions.
- This email will contain a one-time use link that you can use to login into the ITU Academy website. Click on it (or copy and paste it into the navigation bar on your browser), and you will be redirected to another form, in which you can choose the desired password.

How to select a course and access the learning platform

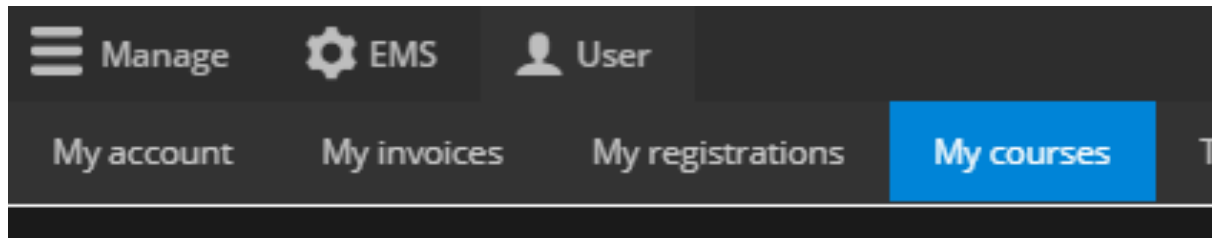

- Login with your new username and password
- Navigate to the main menu, where it says Training courses, select Full catalogue and then browse the available courses

- Once you locate the course that you are interested in, simply press on the button “Pay and Enrol” if the course is for free, you will not be charged and you will not need to place any payment details

How to select a course and access the e-learning platform

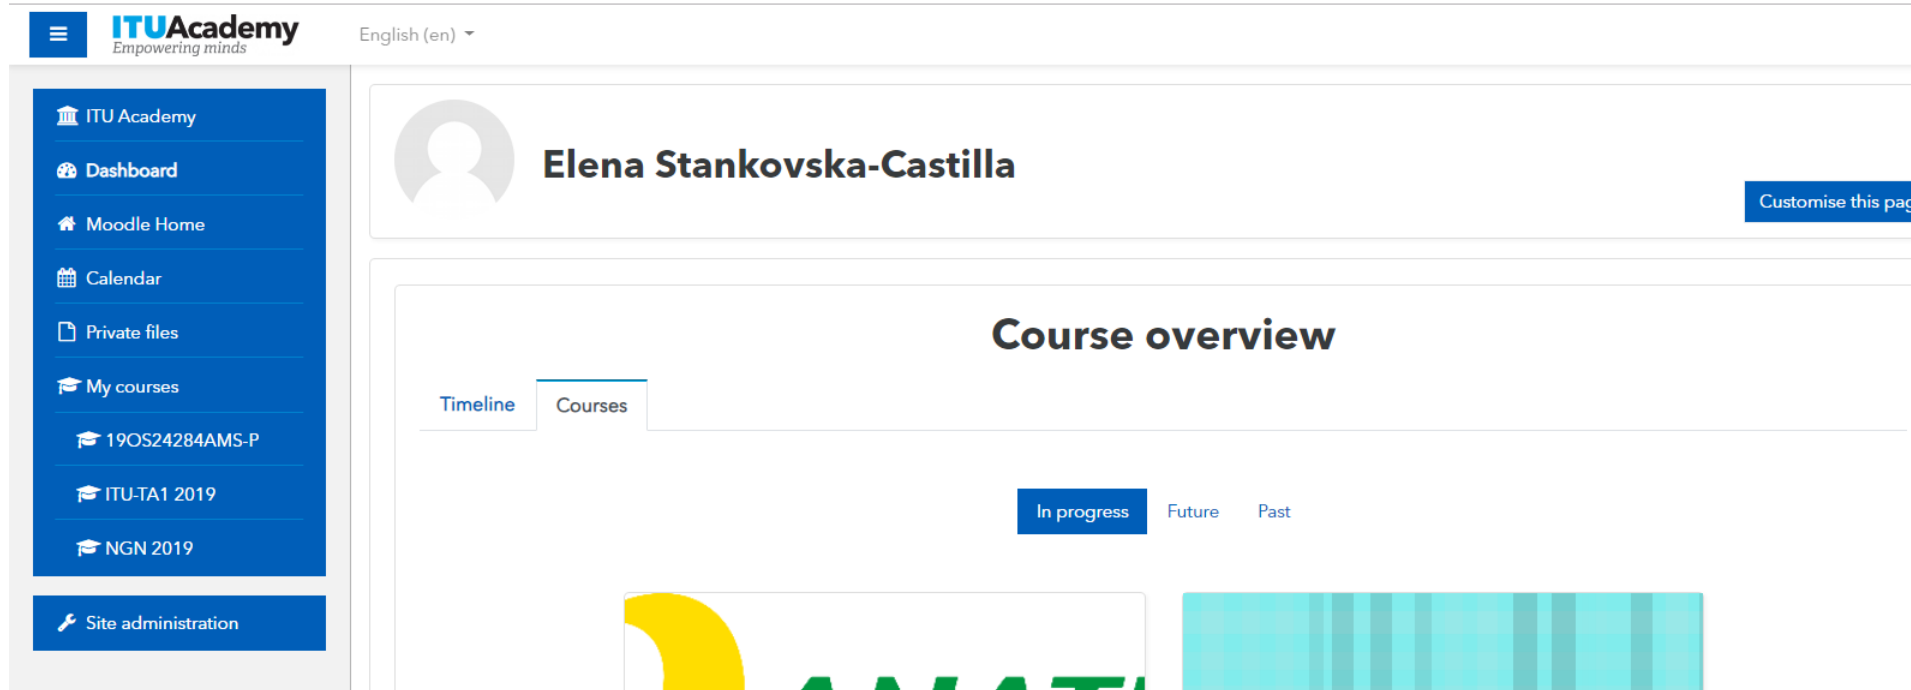

- To locate the course that you have enrolled yourself in, ensure that you are logged in and then click on the tab that says User and the on My Courses

- You will be then navigated to the e-learning platform and your courses Dashboard
- If your course has not started yet, it will be located in the Future Courses.

How to select a course and access the e-learning platform?

- You will be then navigated to the e-learning platform

The screenshot displays the ITU Academy e-learning platform interface. At the top left, the ITU Academy logo and the text "Empowering minds" are visible, along with a language selector set to "English (en)". A navigation menu on the left includes links for "ITU Academy", "Dashboard", "Moodle Home", "Calendar", "Private files", "My courses", and "Site administration". Under "My courses", three courses are listed: "19OS24284AMS-P", "ITU-TA1 2019", and "NGN 2019". The main content area shows the user's profile "Elena Stankovska-Castilla" with a "Customise this page" button. Below the profile is the "Course overview" section, which has tabs for "Timeline" and "Courses". The "Courses" tab is active, showing a filter for "In progress" (highlighted in blue) and options for "Future" and "Past". A bar chart at the bottom of the page shows course progress, with a yellow bar for the current course and green bars for others.
