Subject: ITU Forum for Europe on Child Online Protection, 26-27 November 2020, Virtual Meeting

Dear Sir/Madam,

I am pleased to invite you to the “[ITU Regional Forum for Europe on Child Online Protection](#)” organized by the International Telecommunication Union (ITU) in close collaboration with A.S. Popov Odessa National Academy of Telecommunications (ONAT), Ukraine, which will be held remotely from 26 to 27 November 2020.

This event is being held within the framework of the **ITU Regional Initiative for Europe** on “*Enhancing trust and confidence in the use of information and communication technologies*”, adopted by the World Telecommunication Development Conference (WTDC-17), Buenos Aires, and is one of the important milestones in the regional roll-out of the [ITU Child Online Protection Guidelines](#).

This Forum will provide a platform for all stakeholders to exchange possible approaches related to keeping children and young persons safe online, in order to inspire participants to undertake concrete actions related to the roll-out of the COP Guidelines at the regional and/or national level. In addition, it will be a unique opportunity for the countries to present progress made so far and exchange information about their national practices.

This event is therefore addressed to representatives from ministries, regulators, cyber authorities, telecom operators, universities and general education institutions, telecommunication equipment manufacturers, research and design institutes, software developers and other interested stakeholders from the ITU Member States from Europe.

A highlight of this Forum will be a special training session targeting youth, educators and parents from Ukraine, developed by ONAT Academy, which will provide an opportunity to witness a practical example of trainings that might be delivered across the region based on the COP Guidelines.

Documents related to this event, including the agenda, practical information, presentations etc., will be made available on the ITU website at https://itu.int/go/EUR_COP_2020. The Forum will be conducted in English.

To participate, please register online using the link available on the afore-mentioned website no later than **24 November 2020**. The information on how to connect will be provided to participants upon their registration.

Mr. Jaroslaw Ponder, Head of the ITU Office for Europe (email: EURregion@itu.int, phone: +41 22 730 5467), is at your disposal should you require any further information.

I look forward to active participation from your Administration/Organization.

Yours faithfully,

[Original signed]

Doreen Bogdan-Martin
Director

ITU Forum for Europe on Child Online Protection

26-27 November 2020 | Online Meeting

Held within the framework of the ITU Regional Initiative for Europe on Enhancing trust and confidence in the use of information and communication technologies

*Organized by the International Telecommunication Union and supported by
S. Popov Odessa National Academy of Telecommunications, Ukraine*
