**TITLE:** Overview of NIT training courses under ITU ATC

### DESCRIPTION OF ACTION:

Under ITU Academy Training Centres programme NIT will organize courses that covers key aspects of modern telecommunication networks as well as ICT environment. The courses are related to strategic aspects for Internet governance and innovations, wireless access technologies, with special view on 5G and 5G-Advanced networks, mobile broadband and future services, security and QoS in Internet, Cloud Computing, Internet of Things, Big Data and Artificial Intelligence. Topics covered in the courses will take into account the legal, regulatory, technical and business perspectives.

NIT looks forward to sharing experiences and best practices about its courses during the ITU Regional Development Forum for Europe with stakeholders in the EUR region and welcomes the participation of EUR Member States and EUR administrations to enroll the courses.

### COUNTRIES in FOCUS:

The courses are addressed to participants from all over the world. The experience gained over the last 10 years of NIT's participation in the ITU Centres of Excellence programme has allowed us to reach participants from over 100 countries around the world. And we expect such a wide participation in our courses also in the ITU ATC programme.
