REPUBLIC OF SLOVENIA
MINISTRY OF DIGITAL TRANSFORMATION

Our analysis of Digital Slovenia 2020 showed that in the area of the recognition of the advantages of the use of new technologies, future activities will need to be reinforced and adapted.

Our next strategy must be prepared with people for people.

DIGITAL RIGHTS AND PRINCIPLES

We held several workshops with public and got an important input that we implemented in text of the strategy.

REPUBLIC OF SLOVENIA
MINISTRY OF DIGITAL TRANSFORMATION

Our vision is that through digital transformation we want to improve the quality of life of our citizens in a sustainable and trustworthy way.

REPUBLIC OF SLOVENIA
MINISTRY OF DIGITAL TRANSFORMATION

The overarching objective of the strategy is to promote Slovenia's digital transformation in all segments - society, government, local communities and the economy.

REPUBLIC OF SLOVENIA
MINISTRY OF DIGITAL TRANSFORMATION

Horizontal principles

- General awareness of the importance of digital transformation
- The Internet as a strategic tool for digital transformation
- Protecting a free and open Internet
- Pursuing cross-sectoral synergistic development effects
- Use of the Slovenian language and the preservation of cultural identity
- Promoting research on and the development of digital technologies and their applications
- Strategic autonomy, the Digital Single Market, and digital sovereignty
- A democratic digital society
- Achieving Slovenia's development goals through digital transformation
