

9th ECONOMIC EXPERTS ROUNDTABLE “Economic and Fiscal Incentives to Accelerate Digital Transformation”

Richard Webb
Director Network Infrastructure
CCS Insight

Richard has over 25 years’ experience in market analysis and research, specializing in telecom networks. He started his career researching telecom trends for a business conference company before moving into an analyst role in 2001, firstly with Infonetics Research and more recently with IHS Markit and Omdia, where he was Associate Director of Research for Mobile Networks.

Richard joined CCS Insight in 2021 and leads the research into 5G infrastructure, from the radio access network to the transport network. His research focuses on the telecoms infrastructure value chain, technology trends such as vRAN/Open RAN/Cloud RAN, emerging market opportunities such as private mobile networks and ICT-wide issues such as sustainability/green networking. He has presented and moderated panels at a range of industry events, judged various industry awards, and is widely quoted in technology and mainstream media.
