

ITU Policy and Economic Colloquium for the Americas IPEC-23 Regional Economic Dialogue (RED-AMS)

Trevonne Clarke-Ferguson
Manager Market Economics (Ag.)
TATT - Trinidad and Tobago

English

Trevonne Clarke Ferguson is a Senior Regulatory Economist in the distinctively competitive and stochastically volatile Information and Communications Technologies' (ICTs) Industry. In parallel with managing mergers and acquisitions in telecommunications and broadcasting markets domestically, Trevonne leads research in Anti-Competitive Pricing, Optimising Mobile Market Structure in SIDS, Network Infrastructure Cost Modelling, Retail Telecommunications Markets Dominance, and innovative market regulation at the Telecommunications Authority of Trinidad and Tobago. Trevonne has contributed to numerous International Telecommunications Union (ITU) Latin America and Caribbean region (LAC) economic initiatives, including, Bridging the Standardization Gap, the Regional Economic and Financial Forum and Tariff and Accounting Principles and International Telecommunication/ICT Economic and Policy Issues (SG3).

Trevonne holds a Master of Science (MSc) in Economics with specialisation in Natural Resource and Environmental Economics from the University of Birmingham and a Bachelor of Science (BSc) in Economics and Accounting joint majors from the University of the West Indies (UWI). With more than 15 years of field experience as an Economist in Public Utility, Natural Resource, Environmental and ICTs Economics, she has also managed to publish Economic articles in Caribbean journals and the print media domestically in Trinidad and Tobago and, in the process of publishing a book on Practical Micro and Macro-Economic Solutions in the SIDS-case of Trinidad and Tobago.
