
Public Web Dialogue: Cloud for COVID-19 Response

SPEAKER BIO

Ms Nada Ihab, Regional Government Affairs Coordinator, Microsoft Middle East and Africa

Nada Ihab is a Regional Government Affairs Coordinator at Microsoft Middle East & Africa, specialized in liaising with key governmental and private stakeholders around issues such as Ethical AI, Cloud Computing and Data Protection best practices. She has conducted extensive research on ICT related policies and institutions in the region, and published case studies as well as opinion pieces on how IT can help tackle SDGs. She is driven by a passion to advance the rule of law in the face of disruptive technologies. Fluent in English, French and Arabic with a diverse cultural background, she also holds two BAs in Political Science & Economics from Sciences Po Bordeaux and Cardiff University as well as an MA in International Relations & Sustainable Development from Sciences Po Bordeaux.
