

ITU-D Activities on IMT in support of Developing Countries

Riccardo Passerini (ITU)

- This Presentation will deal with the topics under study in the ITU Telecommunication Development Sector with reference to the relevant outputs of the most recent World Telecommunication Development Conference (WTDC-2010) held in Hyderabad, India, 24 May - 04 June 2010 . Reference will be made to Resolution 43 (Rev Hyderabad, 2010, ("Assistance for implementing IMT"), to the ITU-D Question 25/2 ("Access technology for broadband telecommunications including IMT, for developing countries"), and to related activities concerning the promotion of and access to IMT technologies and systems to the ITU Member States, especially in the "developing" Countries. The Structure and Content of the ITU Handbooks, Guidelines and deliverables related to IMT already finalized and under preparation will be also dealt with.
- Statistics of Mobile and Fixed Broadband penetration in the ARB region as well as worldwide will be also presented
