

RRS-25–Asia-Pacific and WS-MSM-R3 Workshop

29 October 2025

Prerecorded Closing Remarks

Mario Maniewicz
Director, Radiocommunication Bureau

Mr. Xiao LIN, Deputy Director, General Bureau of Radio Regulation of the Ministry of Industry and Information Technology of China,

Distinguished authorities of Sichuan Province,

Dr. Masanori Kondo, Secretary-General of APT,

Distinguished delegates,

Ladies and gentlemen,

On behalf of the ITU Radiocommunication Bureau, I wish to express my appreciation to the Government of China, and in particular to the Ministry of Industry and Information Technology (MIIT), for their generous support and excellent organization of the ITU Asia-Pacific Regional Radiocommunication Seminar (RRS-25 Asia-Pacific) and the ITU Regional Workshop on Modern Spectrum Management and Monitoring for Region 3.

I would also like to thank the Asia-Pacific Telecommunity (APT) and all participants for their engagement throughout the week. These sessions have provided delegates with a deeper understanding of spectrum management principles, of the procedures for processing terrestrial and satellite filings, and the tools to submit filings and integrate the Radio Regulations into their National Table of Frequency Allocations.

This knowledge will help Member States to fully benefit from the rights and obligations associated with the international recognition of frequency assignments, ultimately ensuring radiocommunication services operate free from harmful interference.

Finally, I take this opportunity to congratulate China on the recent confirmation that the next Radiocommunication Assembly (RA-27) and the World Radiocommunication Conference (WRC-27) will take place in Shanghai, China, from 11 October to 12 November 2027, following the consultation process under Circular Letter CL-25/40. We look forward to working closely with the MIIT in preparation for these important events, and we are confident that China will provide all the facilities and support needed to ensure their success.

Once again, a big thanks to our hosts and to all participants. I wish you a safe journey back home.

Thank you.
