Notification Resubmission Wizard

Danny Tham

Senior Radiocommunication Engineer

Space Services Department

Radiocommunication Bureau, ITU

danny.tham@itu.int

2-6 December 2024, Geneva, Switzerland

General Information on the wizard

- Notice will be created by retrieving the information contained in the corresponding notification published in the Part III-S.
- Administrations can then update coordination agreements with respect to affected administrations and networks.
- In the case there is no update of coordination agreements when resubmitting a notice: No need to use SpaceCap, Please use e-submission.

Types of Resubmissions

Type of resubmission	Applicable provisions	Cover Letter (pdf or doc)	Coordination status update with affected administration	List of affected networks	Mdb file with AP4 submission
Simple Resubmission (S)* <u>(No need to use SpaceCap, Simply use e-submission)</u> No coordination status update with affected administration and List of Satellite Networks	11.32A or 11.41	Optional	NO	NO	NO
Resubmission with coordination status update with affected administration only (A)**	11.32A or 11.41	Optional	YES	NO	YES
Resubmission with Coord. Status List of affected networks only (L)***	11.32A	Optional	NO	YES	YES
Resubmission with coordination status update with affected administration and List of Satellite Networks	11.32A	Optional	YES	YES	YES

Create First Notification

Create Resubmission of Notification

Select database

In the selected database, there is no suitable candidate for resubmission. Please use the IFIC database in which the Part III-S was published or download the database of the Part III-S publication of the satellite notice from the dedicated SNS online site for this purpose (<https://www.itu.int/sns/notification.html>).

Do you want to open another database?

Yes

No

1 > Select Notification To Resubmit

2 > Specify Resubmission Type

3 > Create New Database

[Select different database](#)
