Subject **Submission of Information for the Luxembourg satellite network LUX-G6-2-E to be taken into account in the 18th Resolution 609 (Rev. WRC-07) Consultation Meeting**

As the notifying administration of the EGNOS satellite network LUX-G6-2-E, Luxembourg would like to provide the following information to participating administrations in the Resolution 609 process, and those included in the most recent BR list of all Article 9/11 filings for RNSS frequency assignments in the 1164-1215 MHz band:

I. The Luxembourg administration has been actively contributing since the 7th Resolution 609 (Rev. WRC-07) consultation meeting and provided all required data for the LUX-G6-2-E satellite network.

II. There has not been any change to the data submitted to the 7th Resolution 609 (Rev. WRC-07) consultation meeting and the same data can be considered for the 18th Resolution 609 (Rev. WRC-07) meeting.

III. The satellite frequency assignments in the 1164-1215 MHz band for the LUX-G6-2-E are currently in operation after the successful launch of the SES-5 spacecraft on 10th of July 2012. The necessary information for the Notification and Due Diligence has been submitted to and published by the ITU-BR.

The Luxembourg administration hereby meets the requirements as stated in §12b) of the Resolution 609 (WRC-07) Terms of Reference (MOD, Cyberjaya, September 2019) and as such, the LUX-G6-2-E satellite network should be considered at the 18th Resolution 609 (Rev. WRC-07) meeting.

Best regards,

On behalf of the Institut Luxembourgeois de Régulation
