Dear Sir/Madam,

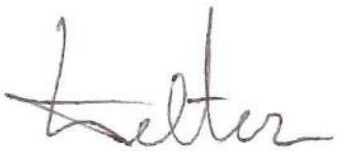

The French Administration would like to provide to the participating Administrations in the Resolution 609 process, and those included in the most recent BR list of all Article 9/11 filings for RNSS frequency assignments in the 1164-1215 MHz, the following information:

The French administration confirms that the F-SAT-RN-5W network has been brought into use using the EUTELSAT 5WB satellite, which was launched on 09 October 2019.

There are no material changes to the information previously provided under §§11 b) and c). The French administration meets the requirements of the Section §12b) of the Resolution 609 Terms of Reference.

The F-SAT-RN-5W satellite network should continue to be taken into account at the 18th Resolution 609 meeting.

Sincerely yours,

Thomas WELTER
Head of Regulatory affairs and
Orbit/Spectrum Resources department
