Subject: 8th May 2021 Deadline for the Eighteenth ITU-R Resolution 609 (Rev. WRC-07) Consultation Meeting

Reference: Eighteenth ITU-R Resolution 609 (Rev. WRC-07) Consultation Meeting

Dear Sir,

As the notifying administration for the NAVSTAR GPS system and the LM-RPS-107.3W and USASAT-80C-1 networks, and in accordance with the deadlines established in the Convener's memorandum of 20th March 2021, the United States of America would like to provide the following information to all administrations that participate in the Resolution 609 (Rev. WRC-07) consultation process and are included on the most recent BR list of all Articles 9 and 11 filings for RNSS frequency assignments in the 1164-1215 MHz band:

1. The NAVSTAR GPS system and the LM-RPS-107.3W and USASAT-80C-1 networks remain on the list provided by the BR under § 11 a) of the Terms of Reference (MOD, Cyberjaya, September 2019) (ToR) in preparation for the Eighteenth Resolution 609 (Rev. WRC-07) Consultation Meeting (18th CM).

2. There have been no material changes to the information previously provided under §§ 11 b) and c) for the NAVSTAR GPS system. The frequency assignments for the NAVSTAR GPS system have been brought into use. Further, as provided in preparation for the 7th CM, and in accordance with §5 of the ToR, the publication references for NAVSTAR GPS-IIRF and USRSR are to be treated together as the NAVSTAR GPS system.

3. There have been no material changes to the information previously provided under §§ 11 b) and c) for the LM-RPS-107.3W and USASAT-80C-1 networks. The frequency assignments for the LM-RPS-107.3W network has been brought into use while the USASAT-80C-1 network was launched and is undergoing in-orbit testing before being moved to 125° W.

In accordance with § 12 of the ToR, this letter satisfies the U.S. obligations and requirements stated in §§ 11 b) and c) of the ToR with respect to the 18th CM.

Sincerely,

Jerilyn Payton
