

# ITU Workshop Overview of activities of ITU-R Study Group 3 on Radiowave Propagation

*World Forum, The Hague, The Netherlands, 10 April 2014, 15h00 – 18h20*

## 1. Introduction

On behalf of the ITU-R Study Group 3 Chairman and the Chairmen of Working Parties 3J, 3K, 3L and 3M, it is a pleasure to invite you to attend a **ITU Workshop Overview of activities of ITU-R Study Group 3 on radiowave propagation**. The workshop will be held at the World Forum in The Hague, The Netherlands on 10 April 2014 from 15h00 to 18h20 (Room Oceania). This event is organised in conjunction with the EuCAP 2014 conference and exhibition.

## 2. Objectives and outline of the programme

The purpose of this Workshop is to provide an overview of the role and activities of ITU-R Study Group 3 within the ITU-R sector. Additionally, the programme includes a summary of the activities, recently reviewed or newly produced recommendations and handbooks, as well as topics of on-going study within Working Parties 3J (Propagation fundamentals), 3K (Point-to-area propagation), 3L (Ionospheric propagation and radio noise) and 3M (Point-to-point and Earth-space propagation). This includes:

- Introduction to ITU-R Study Group 3, its structure and its working methods;
- An overview of the most important ITU-R Study Group 3 recommendations;
- A discussion on the current workplan, the key areas of future study and the need for new contributions;
- Practical guidance on how to contribute to the work of Study Group 3.

For more information, kindly consult the website of the Workshop at:
