UNION AFRICAINE DES TÉLÉCOMMUNICATIONS

Online Meeting

1st frequency coordination meeting on GE84 Plan Optimization for Africa
Première réunion de coordination des fréquences sur l'optimisation du Plan GE84 pour l'Afrique
15 - 19 February 2021

Plateforme eBroadcasting

By *Andrea Manara*
Division de service de radiodiffusion

www.itu.int/go/GE84OptimizationPlanforAfrica

Agenda

- **Présentation des outils**
 - Plateforme eTerrestrial intégrée
 - La plateforme eBroadcasting pour les services de radiodiffusion
 - eQuery, ePub, eTools, myAdmin
 - Nouveaux développements: cartes pour le processus d'optimisation GE84

 - **Démonstration des outils**
-

Plateforme eTerrestrial intégrée

eMIFR

Online Validation

eBroadcasting >

eTerrestrial: an online Portal for terrestrial services

The eTerrestrial platform provides **secure web-based services** to TIES users. The following tools are available:

eBroadcasting

(All TIES users)

eBroadcasting Portal: Tools for broadcasting services giving access to: online publications (ePub), databases (eQuery), calculations on-demand (eTools) and a service (myAdmin) allowing administrations to check and visualize their notices and recorded assignments, making it easy to follow the relevant Plan modification procedures and related deadlines.

[Go to eBroadcasting >](#)

eMIFR

(All TIES users)

eMIFR: Online query system of the Master International Frequency Register (MIFR) for all terrestrial services

[Go to eMIFR >](#)

Online Validation

(All TIES users)

Online Validation: Validation of frequency assignment/allotment notices before their official submission via WISFAT

[Go to Online Validation >](#)

Objectives

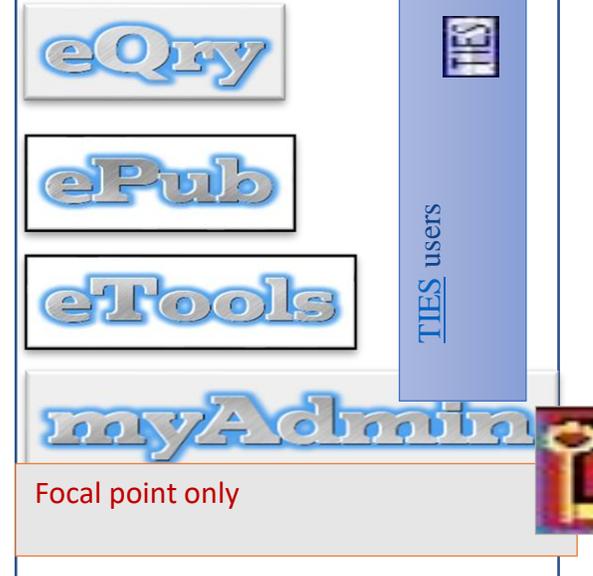

Rapprochez le BR des administrations avec services à valeur ajoutée:

- Recherche en ligne dans les Plans
- Sections spéciales, Le jour de la publication!
- Calcul sur-demande
- Suivi des procédures de modification aux Plans et les échéanciers afférents

Outcome

- Réduire la charge de travail du BR et des administrations
- Réduire le besoin de documents imprimés

Output

A vertical stack of software components. From top to bottom: a button labeled 'eQry', a button labeled 'ePub', a button labeled 'eTools', and a button labeled 'myAdmin'. To the right of these buttons is a vertical blue bar with the text 'TIES users' and a small 'TIES' logo at the top. Below the 'myAdmin' button is a red key icon. At the bottom of the stack is a grey bar with the text 'Focal point only' in red.

Plateforme eBroadcasting

eBroadcasting: Broadcasting Online

eBroadcasting, an online platform for broadcasting services

The eBroadcasting platform provides **secure web-based services** related to terrestrial broadcasting to TIES users. The platform provides services to consult databases (**eQuery**), publications (**ePub**) and to perform calculations on-demand (**eTools**) in the scope of selected broadcasting agreements also and propagation prediction calculations. It provides also a portal (**myAdmin**) which allows administrations to check and visualize their notices and recorded assignments, making it easy to follow the relevant Plan modification procedures and related deadlines.

eQuery (All TIES users) 

eQuery allows fast online searches on broadcasting plans. It allows performing queries on quasi-live databases (updated daily), including the current status and coordination information.

[Go to eQuery >](#)

ePub (All TIES users) 

ePub contains the broadcasting publication online. It allows administrations to consult Special Sections as soon as they are published. All broadcasting publications since 2007 are available.

[Go to ePub >](#)

eTools (All TIES users) 

eTools offers calculation on-demand in the scope of the GE06, GE84 and RJ81 agreements for testing purposes. It also allows propagation prediction calculations according to the recommendations ITU-R P1812 and P.1546.

[Go to eTools >](#)

My Admin (Administration Focal Point ONLY) 

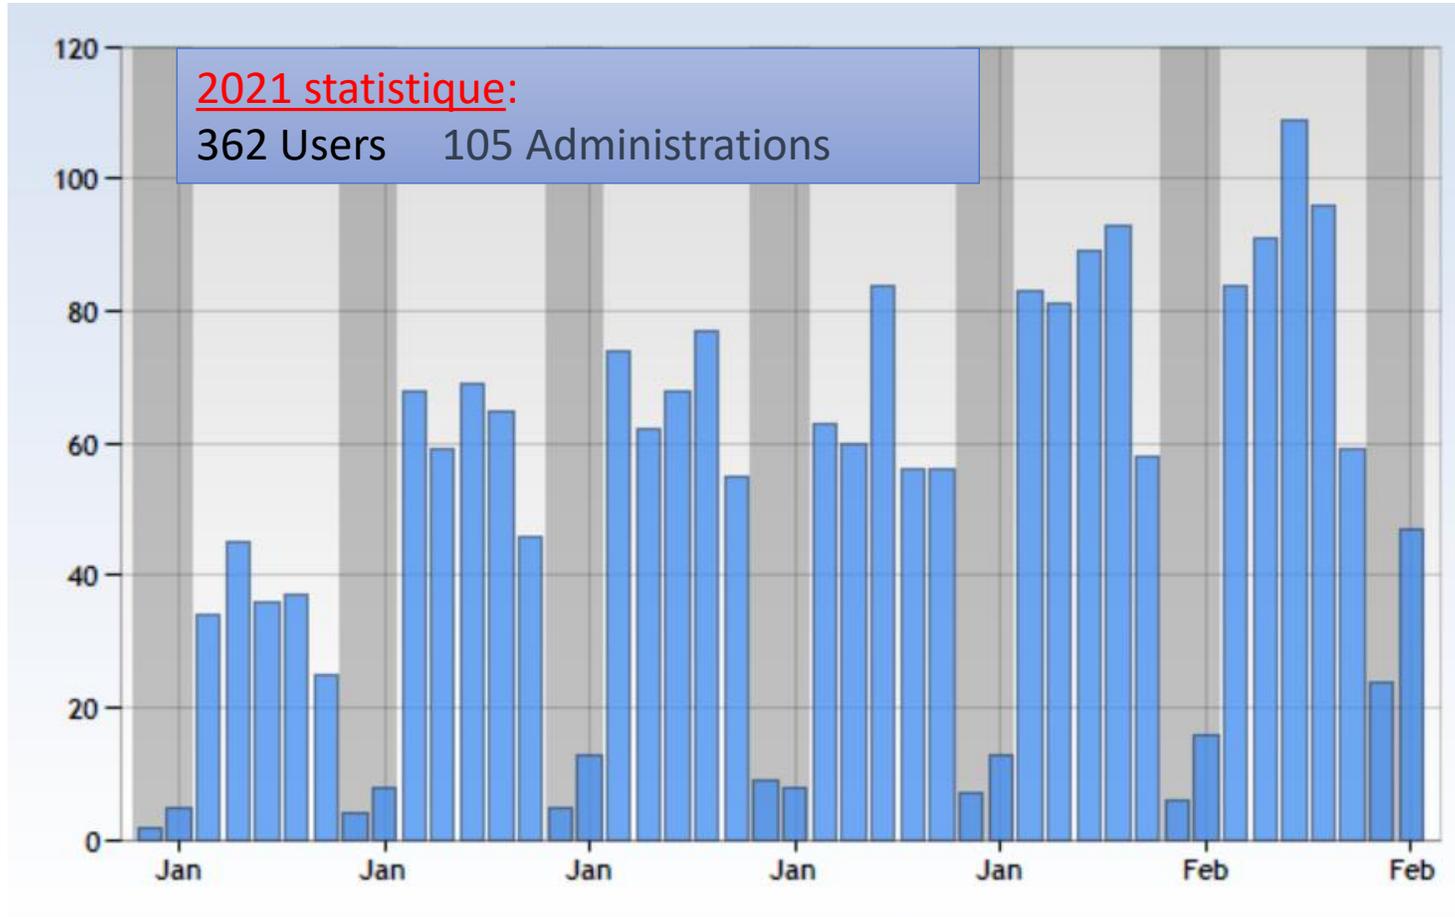

myAdmin is the virtual ITU Broadcasting Office (open 24/7) allowing administration to visualize relevant notices and recorded assignment for an easy follow-up of plan modification procedures and related deadlines.

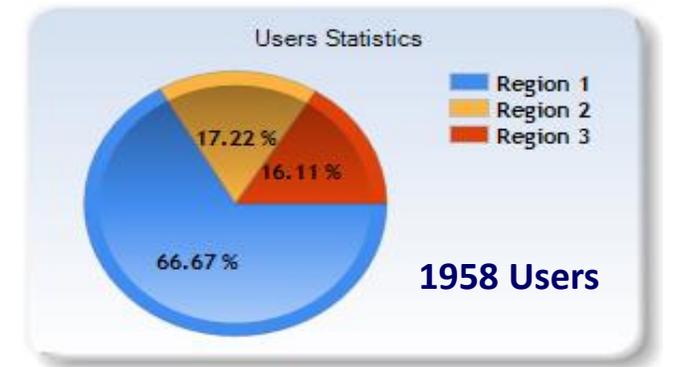

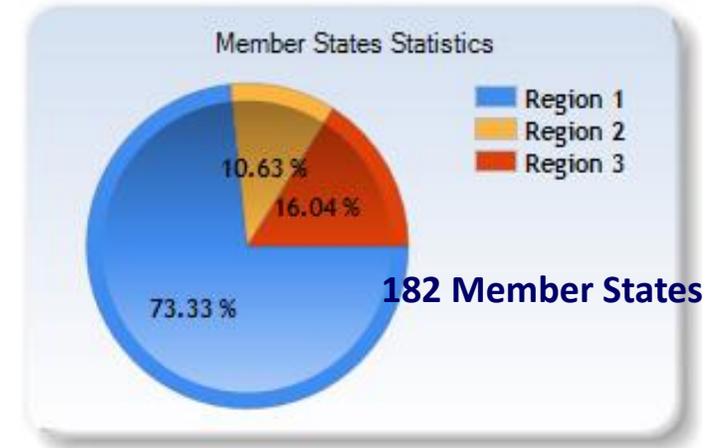

Administration Focal Point ONLY (Authorization needed).
