- Resolution 906
  - WRC-07 resolved that as of 1 January 2009, the submission of notices for terrestrial services to the BR shall be in electronic format only (CR/297)
  - Further revised during WRC-12
- Following this decision, BR developed a secured, reliable and practical way of submitting notices via a web interface
- All notices except notifications for List IV (Coast stations) and List V (Ship stations)
- Secured web site
  - Only registered notifiers can submit via this web interface
  - Administrations nominate their notifier(s)
  - One or many notifier(s) per administration
  - Administrations should inform the BR of any changes regarding the registered notifier(s)
- Reliable system
  - Automatic acknowledgment e-mail is sent by the system as soon as the notices are submitted

# How to become a registered notifier?

- The selected notifier must have a TIES account
  - Request a TIES account via the web

<http://www.itu.int/TIES/index.html>

- Once the TIES focal point of your Administration has approved your request
- The administration must send an official e-mail request to the BR ([brmail@itu.int](mailto:brmail@itu.int))
  - Name, position, service e-mail, TIES Username
- BR will inform the notifying administration with the latest list of notifiers
