

Case Studies

United Kingdom

- Governed by European Directives
- Open numbering Plan to NDC
- No separation for IoT/M2M resources
- Supports Location Independent Electronic Communication Services use of numbers
 - Termination rate as being used in the UK
- Supports Presentation Number
- Allocated specific range for CLI

Ireland

- Governed by European Directives
- Open numbering Plan defines sub NDC
- Separate numbers for IoT/M2M resources
- Regulates Presentation Number

France

Case study: Numbering and dialling plans for France

and how they fit into the international numbering plan
