

Call for Presenters

Call for **demonstrations** at

the Sixth ITU Workshop on Network 2030

Lisbon, Portugal

13 January 2020

Hosted by [Instituto de Telecomunicações](#) (Portugal) and
[Instituto Universitário de Lisboa](#) (ISCTE)

Following the last five well-received workshops *on Network 2030* held in New York, Hong Kong, London, Saint Petersburg and Geneva, respectively, the ITU-T Focus Group on Network 2030 ([FG NET-2030](#)) is pleased to announce that *the Sixth Workshop on Network 2030* will take place in Lisbon, Portugal, on 13 January 2020. It will be followed by the Focus Group meeting on 14-15 January 2020 at the same venue.

The Workshop on Network 2030 aims to provide a forum for both industry and academia to exchange their ideas about data communications networks in the year 2030 and onwards. Presenters, demonstrators and participants will share their visions, views, findings, latest research, their project descriptions and goals.

The demonstrators willing to show that their new concepts and solutions works, are welcome to come, inspire and teach us!

Likewise for last five workshops, we encourage diversity in our program and invite submissions on a wide range of topics that are innovative, engaging, inspiring, informative, and maybe provocative on network technologies for the year 2030 and thereafter, including, but not limited to, forward-looking use cases, requirements, challenges, technical gaps, networking architectures, new technologies, new methods, and new solutions.

For being considered as **a speaker**, please submit your speech title, abstract and short bio by the deadline indicated below. Authors of accepted submissions are expected to deliver their speeches at the workshop.

For being considered for show booth, please submit a short description of your use case, solution you wish to demonstrate/share along with your objectives and relation of your work to Network 2030+. Deadline is indicated below.

Authors/exhibitors of accepted submissions are expected to deliver their speeches/demo cases on 13 January 2020.

The applicants are also encouraged to participate at the Network 2030 Focus Group meeting taking place from 14 to 15 January 2020 at the same venue.

Submission **contact:** tsbfgnet2030@itu.int

Deadline: 15 December 2019

More details: <https://www.itu.int/en/ITU-T/focusgroups/net2030/Pages/default.aspx>

Looking forward to working together with you!

Workshop Steering Committee
