Our Story

Mantis Business Innovation began with Christos' vision to improve the daily lives of an entire society through innovation and entrepreneurship. The company's mission is to empower startups to continue making real impact and fostering innovation across the ecosystem to help come up with new ideas and solutions that can improve society.

360 Tech Innovation Network

We offer a suite of innovation services to private and public organizations by bringing together expertise, technology and businesses to generate innovative and resolve some of the most demanding organizational and social challenges.
