M2m/IoT Numbering

Phil Rushton
ITU-T SG2 Chair

Issues to be addressed

- Background
  - Resources Used (E.164, E.212, E.118)
- Focus
  - National
  - Global
    - Role of the Numbering Co-ordination Team
- Trends
  - National
    - Permanent roaming (inbound and outbound)
    - Impact on resources
  - Global
    - Permanent roaming (inbound)
    - Acceptability
    - Different implementation models
