For Discussion

- What ITU-T meetings does your country attend?
 - What meetings are monitored without participating in person?
- How do you become aware of issues to be discussed at ITU-T meetings?
- What does your country do to prepare positions and contributions to ITU-T meetings?
- How does your government take views from your private sector into account?
- Do you participate in bilateral and regional meetings (e.g., APT; ITU regional meetings) to discuss positions?
- ETC, ETC, ETC

New Mechanisms

- What new mechanisms would you like to have for your ITU-T preparations?
