

**Fifth SG13 Regional Workshop for Africa on
"ITU-T Standardization Work on Future Networks: Towards a Better Future for Africa"
(Cairo, Egypt, 2-3 April 2017)**

Brice Murara

Session 2: Standardization Hot Topics 2, IMT-2020

Title: "IMT-2020 Requirements; how developing countries can cope"

ABSTRACT

IMT-2020 commonly referred to as "5G" is among the Hot Topics in the ICT World. This presentation will be an opportunity to discuss the importance for participation of developing countries in the ICT standards development process. We shall discuss how the needs and values for developing countries can be considered to ensure that the requirements of developing countries are taken into account.

Specifically, we will present the achievement of ITU-T SG-13 in regards to standardization progress of IMT-2020 Networks non-radio aspects .The content of this presentation was extracted from the draft Recommendation Y.IMT2020-reqts, "**Requirements of IMT-2020 network**" as of 17 February 2017.
