

The Economics of UEEE/WEEE Reuse

Willie Cade

Reuse Expands Environmentally Sound Treatment of UEEE and WEEE

- Used Electrical and Electronic Equipment (UEEE)
- Waste Electrical and Electronic Equipment (WEEE)
- A surprising high percentage of UEEE has been under utilized
- New Operating Systems (Windows 7 & 8) can be installed on 5 year old hardware – providing the most advanced technology experience
- 80 to 90% of the economics are local, not shipped overseas
- Complements material recovery efforts
