

Instruction guides on how to Join the ITU Knowledge Sharing Platform for Digital Finance Security platform

This guide provides instructions on how to join the ITU Knowledge Sharing Platform for Digital Finance Security, a platform that comprises a GitBook workspace and a Slack channel.

The GitBook workspace is a collaborative space where regulators and providers can share documentation and knowledge on the ITU DFS security recommendations. You can access it at <https://itu.gitbook.io/itu-knowledge-sharing-platform/>.

The Slack channel, accessible at <https://itudfssecurity.slack.com/>, is a communication tool for real-time messaging, allowing collaborators to discuss, share ideas, on the recommendations.

Here's how you can access the ITU Knowledge sharing Platform for Digital Finance Security:

Accessing the GitBook Workspace

- **Step 1: Send a Request to Join the Platform:** Email dfssecuritylab@itu.int with the subject line "Request to Access ITU Knowledge sharing Platform for Digital Finance Security." Include your **name, title, organization, Country** and a brief explanation of your interest in joining the workspace.
- **Step 2: Receive Approval and Invitation:** After your request is approved, you'll receive an invitation to join the GitBook workspace. Click the "Accept Invitation" button in the email.
- **Step 3: Sign Up or Sign In to GitBook:** If you don't have a GitBook account, sign up for one. If you do, sign in with your existing credentials.
- **Step 4: Access the DFS Security Guidelines GitBook:** After signing up or signing in, you'll be directed to the ITU DFS Security Guidelines GitBook workspace. Use the link in the invitation email to access the workspace.
- Gitbook page: <https://itu.gitbook.io/itu-knowledge-sharing-platform/>

Joining the ITUDFSSecurity Slack Channel

- **Step 5: Receive Slack Invitation:** Once your email from Step 1 above is approved, you'll receive an invitation to join the ITUDFSSecurity Slack channel. Click the "Join Now" button in the email.
- **Step 6: Sign Up or Sign Into Slack:** If you don't have a Slack account, sign up for one. If you do, sign in with your existing credentials.
- **Step 7: Join the ITUDFSSecurity Slack Workspace:** After signing up or signing in, you'll be automatically added to the ITUDFSSecurity Slack workspace.
- Slack Page: <https://itudfssecurity.slack.com/>

Now, you can start reading, collaborating, and contributing to the documentation on GitBook, and begin collaborating and participating in discussions on Slack. Remember to adhere to the community guidelines and maintain a professional tone while engaging with your peers.
