

Name: Jan Luehmann

Age: 43

Position: Vice Chairman of the OICA Technical Committee

Biography

Jan Luehmann is an electrical engineer and started his career in the automotive industry in 2011.

From 2017, he worked as Regulatory Affairs Coordinator for automated driving on behalf of the Volkswagen Group in the German Association of the Automotive Industry (VDA) and the International Organization of Motor Vehicle Manufacturers (OICA).

Since 2020, represents the international automotive industry as a pilot in the areas of Intelligent Transport Systems, AI, Data and Vehicle Communications within the UNECE.

Today, he works for CARIAD, the software company of the Volkswagen Group and represents it as Strategy & Communications Lead. In parallel, he is the Vice Chairman of the OICA Technical Committee and is co-responsible for promoting the cooperation of various bodies and associations with OICA and acts as a link at CARIAD between the complex world of technical regulation and the equally complex world of development in order to help shape the progress of future mobility in a sustainable way.
