

## How to subscribe to Security, Infrastructure and Trust Working Group mailing list

Welcome to the Security, Infrastructure and Trust Working Group.

Please follow the steps below in order to subscribe to the Security, Infrastructure and Trust Working Group mailing list.

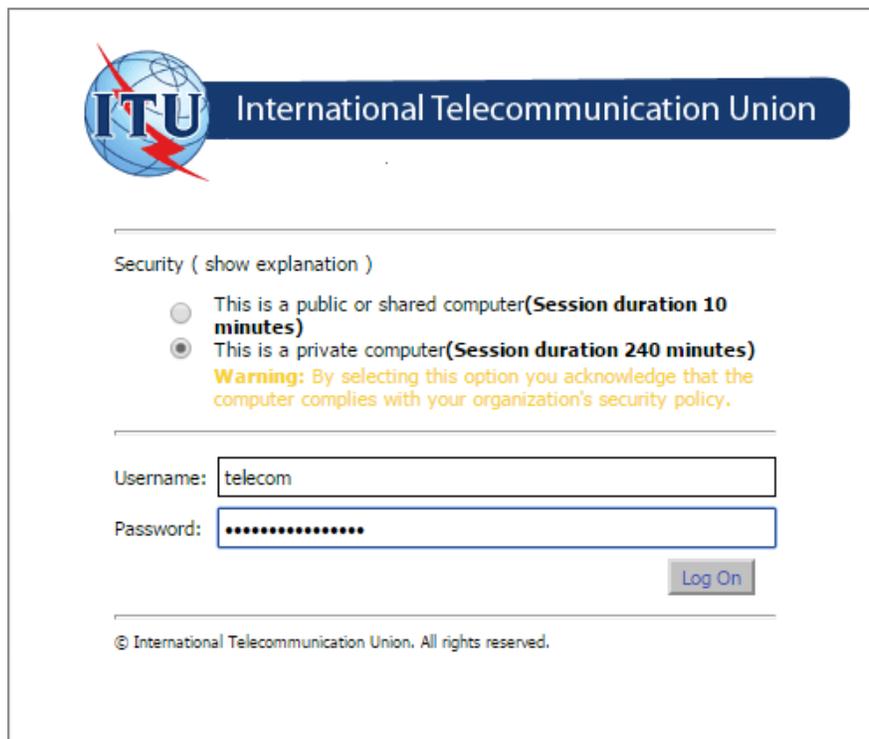

ITU members should use their **TIES** account to subscribe to the mailing list. Non-members will need to create a **Guest** account in order to be able to subscribe to the mailing list.

1. Do you have an ITU TIES account or a Guest account?

If yes, go to Step 2 below. Else follow the instructions in the **Annex: Getting Started**.

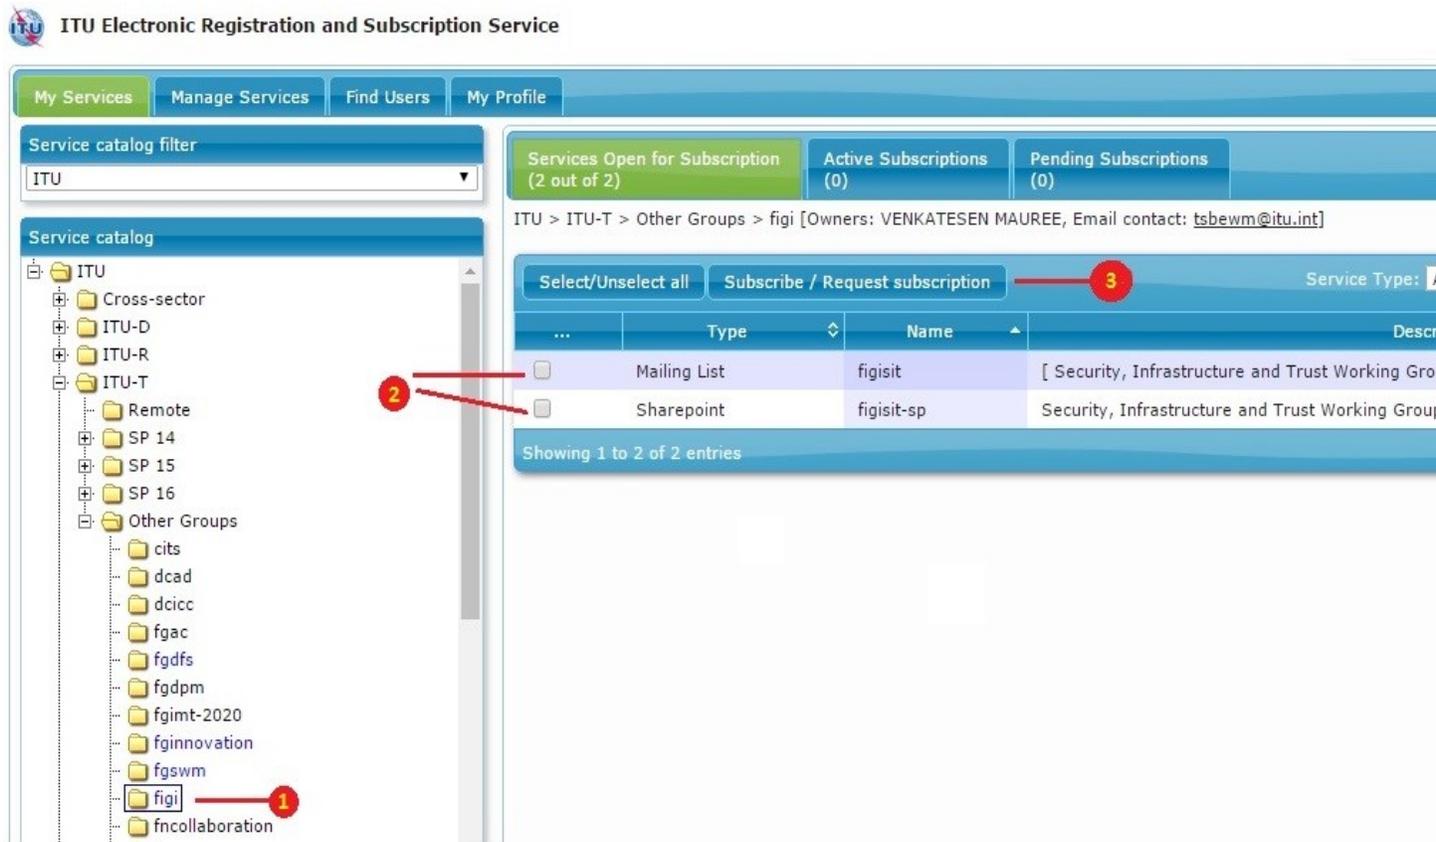

2. Once you have created and activated your TIES or Guest account, you are ready subscribe to the mailing list. To do so, click on this [link](#). You will see the screen below and will be prompted to identify yourself with your TIES username and password, or your Guest account username and password.

Select the option box: This is a private computer as shown in the figure below.

The screenshot shows the ITU login interface. At the top left is the ITU logo, a globe with a red lightning bolt. To its right is a dark blue banner with the text "International Telecommunication Union" in white. Below the banner is a horizontal line. Underneath the line, the text "Security ( show explanation )" is displayed. There are two radio button options: the first is "This is a public or shared computer (Session duration 10 minutes)" and the second is "This is a private computer (Session duration 240 minutes)". The second option is selected. Below the second option is a yellow warning message: "Warning: By selecting this option you acknowledge that the computer complies with your organization's security policy." Below the security options is another horizontal line. Underneath this line are two input fields: "Username:" with the text "telecom" and "Password:" with a series of dots. To the right of the password field is a "Log On" button. At the bottom of the page is a copyright notice: "© International Telecommunication Union. All rights reserved."

- Once logged in, go to **ITU-T -> Other Groups -> figi** under the Service Catalog tree (see figure below), check the mailing lists you wish to subscribe and then click on the **Subscribe** button (follow the steps 1-3 on the figure below in the red circles).

If you have a **TIES account**, you will be automatically subscribed to the service. If you have a **Guest account**, your request will be sent to the service owner for approval. Shortly afterwards you will receive an e-mail confirmation to your default e-mail address.

You are now registered on the Security, Infrastructure and Trust Working Group mailing list.

You will also need your TIES or Guest account login credentials in order to access the website of the Security, Infrastructure and Trust Working Group at: <https://extranet.itu.int/sites/itu-t/initiatives/sitwg/SitePages/Home.aspx>.

## Annex 1: Getting Started

1. How do I register for a **TIES** account?

TIES is available without any charge to ITU Members only (Member States, ITU Sector Members, Associates and Academia) If you qualify for a TIES account, please complete the [TIES Online Registration form](#).

2. What is a **Guest** account?

A Guest account is an account allowing access to a limited number of resources available from ITU. While TIES accounts enjoy facilities such as automatic subscription to Study Group mailing lists and access to the ITU-T's Study Group documentation and informal FTP areas, guest accounts have access only to public resources (for example, newsletter subscriptions). Anyone can create a Guest account, but access to services reserved to members may be granted on a case-by-case basis.

3. I do not have a **Guest** account. How do I register for a **Guest** account?

You can register for a Guest account using the link [here](#).

4. How do I access the website of the Security, Infrastructure and Trust Working Group and its workstreams?

You can access the website of the Security, Infrastructure and Trust Working Group and its workstreams using the link: <https://extranet.itu.int/sites/itu-t/initiatives/sitwg/SitePages/Home.aspx>.
