## A GLOBAL SUMMIT

The 16<sup>th</sup> edition of Telecom Review Leaders' Summit will build on the success of the 15<sup>th</sup> edition reflected by the participation of C-level executives from over 56 countries, making it a global summit with a regional contribution. The Summit will be hybrid which will allow panelists and participants to join discussion from anywhere in the world and anyone will be able to virtually participate.

Under its annual theme '*Global, Regional, Digital*', Telecom Review Leaders' Summit will focus on the industry's main trends such as 5G, cloud, data centers, cybersecurity, digitalization and much more.

## EXPECTED 1000+ ATTENDEES

The 2022 Telecom Review Leaders' Summit is targeting 1000+ attendees from all corners of the globe in the ICT ecosystem.

The event will gather physically and virtually C-level executives representing mobile, wholesale and satellite operators, vendors, solution providers, enterprises, regulators, governments, NGOs, consultants, analysts, broadcasting companies and OTTs.

## GREAT NETWORKING OPPORTUNITY

In addition to in-depth panel discussions, attendees will gather in a friendly networking environment. Exhibitors in the demo area will also showcase their innovative solutions and meet with participating industry leaders and experts.

Telecom Review Excellence Awards and Leader Merit Awards recognize ICT brands and industry leaders for what they have accomplished during the year.

Through its prestigious awards, Telecom Review, together with an independent panel of judges, continues its dedication and commitment to the ICT industry in ranking the best of the best in terms of corporate innovation and performance as well as individual capabilities and contributions as influential players globally.

# The speakers at the 15<sup>th</sup> edition were from leading ICT companies
