Platform to exhibit and meet potential investors

**2019
Sept**

COVID-19: Opportunities & Threats

Progress was hampered by the pandemic, which also opened unexpected opportunities

2020

Training during Transform Africa Kigali

The incubates received enhancement training, aligning solutions to the market's expectations

**2019
May**

Five successful teams

12 grouped in five teams emerged successful and awarded prizes.

**2018
April**

**2018
Sept**

Exhibition and Competition at ITU Telecom World Durban

Out of five teams, three with competitive solutions were selected to exhibit and have global exposure: DOCREP, GIRINKA, CASUAL PAYROLL

Hands-on training

30 young graduates from schools and universities in Rwanda participated in a week-long training that sought to equip them with new programming skills

**March
2018**

LESSONS LEARNT

- ❖ **Support & Awareness:** Rwanda coding Academy (a special model school by the Government of Rwanda) and awareness efforts
- ❖ **Partnerships:** Example.... ITU, Saudi Arabia and Rwanda (Government and Private Sector)
- ❖ **Building the ecosystem:** Create a conducive market environment, build a community...increase chances of success e.g. regulatory sandbox
- ❖ **Feeding the ecosystem:** Organize competitive workshops aimed at finding multidisciplinary and cost-effective solutions to recurring challenges

SMART ABC INCUBATOR

Join more hands

Fly more Eagles

The Key is....

- Synergy/partnerships
- Building and sustaining ecosystems

Thank you !

Murakoze !

Merci !
