Credentials

Scan here for Templates

The circular letter on Credentials (CL-26/21) was dispatched on 24 March 2026, and a reminder (CL-26/38) was dispatched on 17 September 2026.

As a reminder:

- Credentials are required for a delegation to exercise its right to vote and sign the Final Acts of the Conference.
- Registration of delegates does not exempt Member States from the need to submit an original credentials document.
- Credentials must fulfil one of the following criteria:
  - Confer full power on the delegation;
  - Authorize the delegation to represent its government without restrictions;
  - Give the delegation, or certain members, the right to sign the final Acts.
- Credentials must be signed by either: the Head of State; the Head of Government; the Minister of Foreign Affairs.
- Full information, including templates and a Q&A, is available here.

Credentials

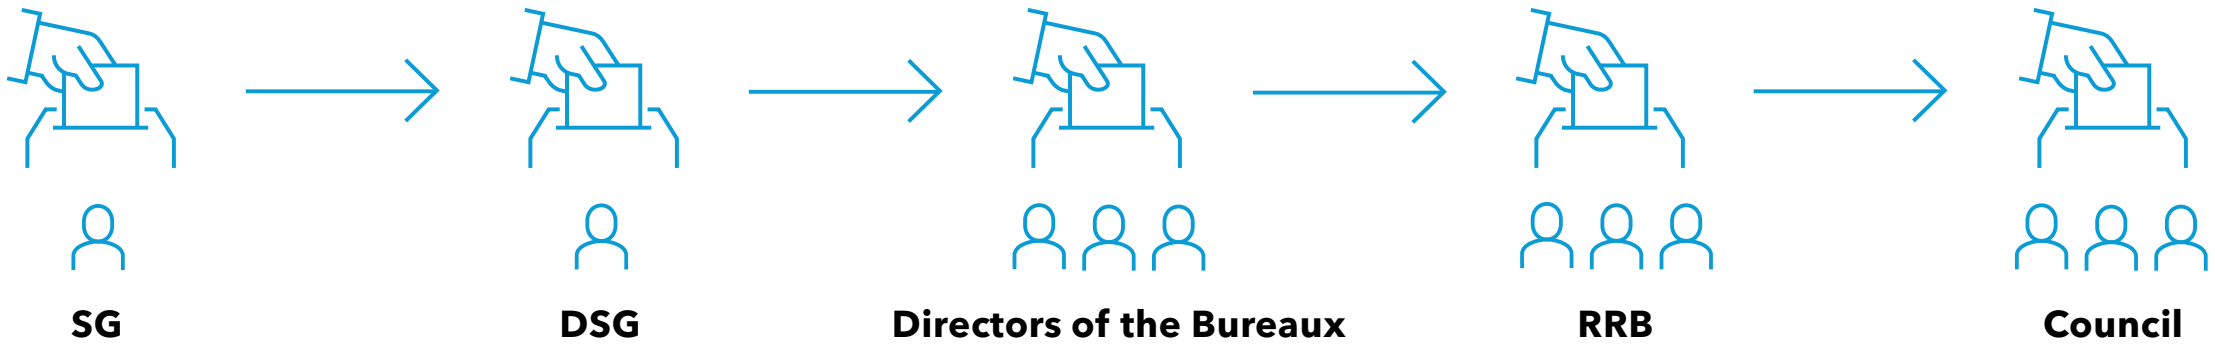

Transfers of Powers

- Where a Member State is unable to send a delegation, it may authorize another Member State's delegation to act on its behalf through a Transfer of Powers (“ToP”).
- A ToP allows the receiving delegation to vote and sign the Final Acts on behalf of the absent Member State.
- Similarly to credentials, an original instrument of the ToP must be deposited with Committee 2.

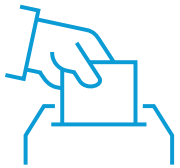

Transfer of Vote

- If a delegation with voting rights is unable to attend a particular meeting or vote, it may authorize another delegation that also has voting rights to vote on its behalf, through a Transfer of Vote (“ToV”, also referred to as “proxy”).
- This ToV must be communicated in writing to the Chair of the Conference, via the Secretariat of the Credentials Committee.
- A delegation may not exercise more than one proxy vote at a given voting session. A ToV concerns voting only. It does not convey the right to sign the Final Acts, contrary to the ToP.
