

EGTI/EGH Meetings 2024

Agenda, working methods and presentation of documents

Bernard Banda, Director, ZICTA, EGTI Chair
26 September 2024

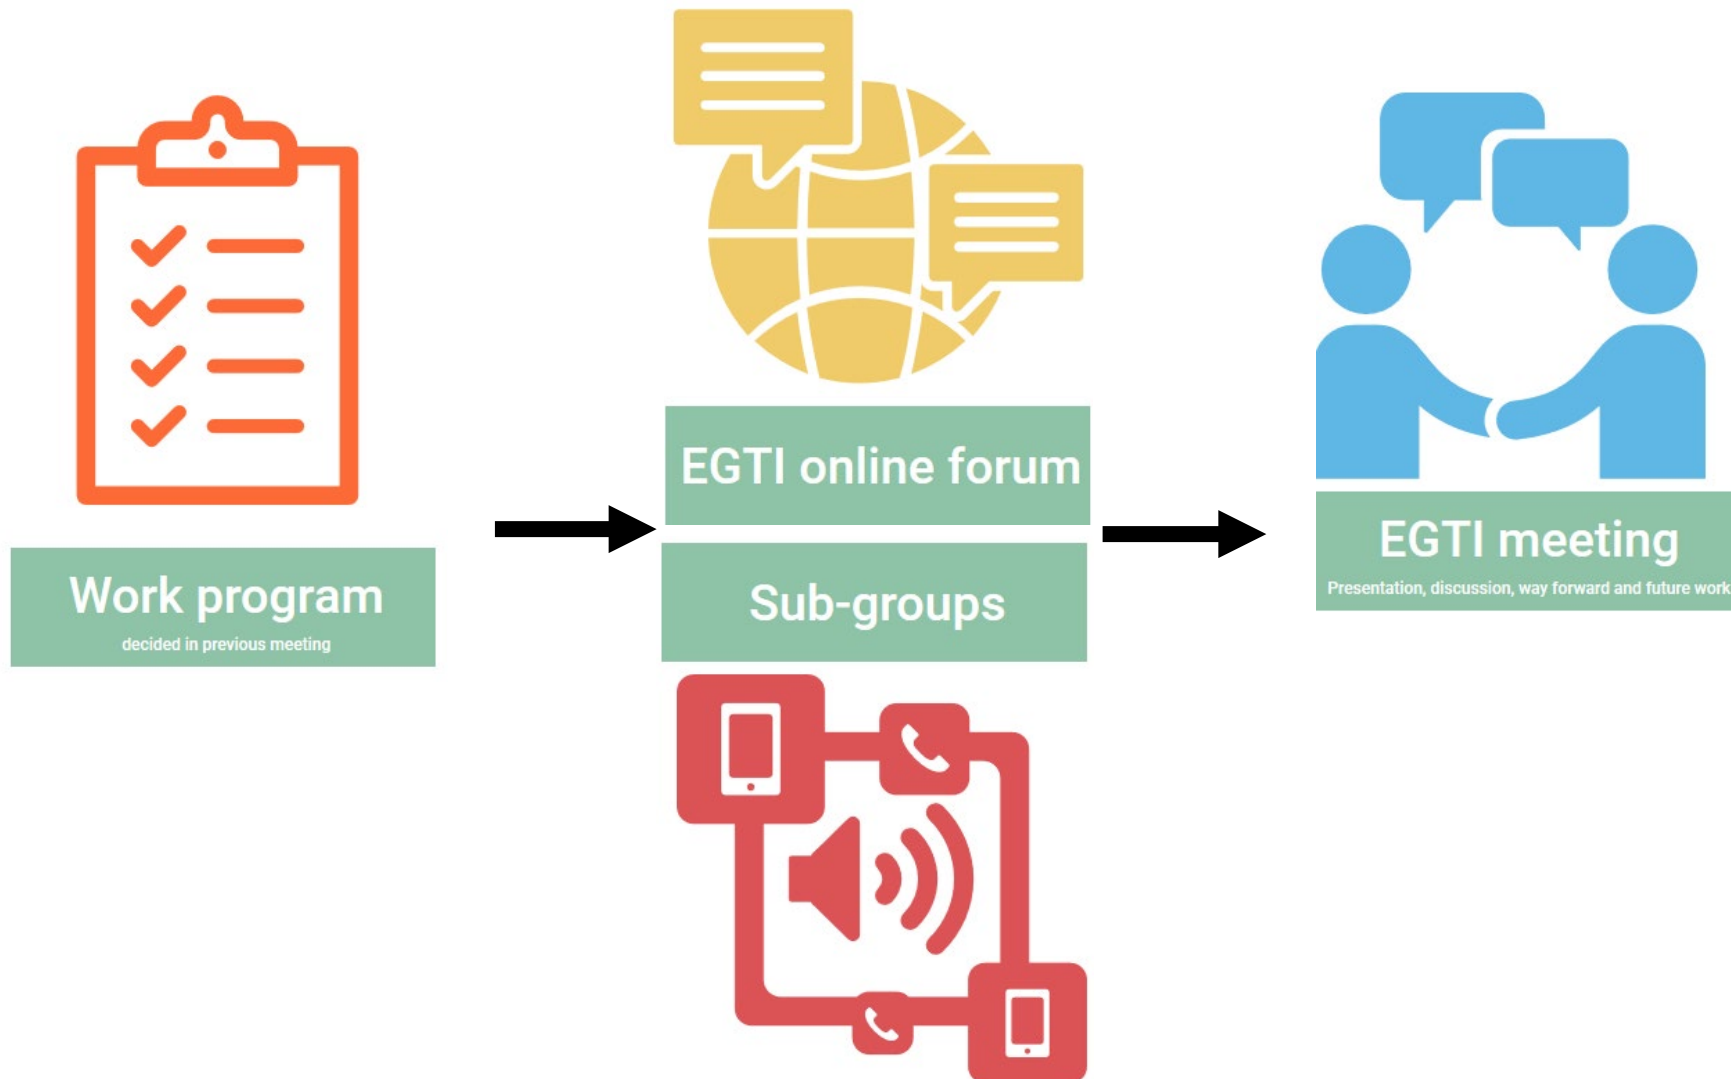

EGTI's Mission

The scope of the work of EGTI can be summarized as follows:

- To review existing and develop new telecommunication/ICT supply-side indicators on a continuous basis, including reviewing and developing harmonized definitions and data collection methodologies to keep up to date with the fast-changing nature of ICT technologies and services
- To decide on ICT indicators from the supply side to be collected through the ITU statistical questionnaires on telecommunication/ICTs
- To periodically review the *ITU Handbook for the collection of administrative data on telecommunication/ICTs*.
- To work with the Expert Group on ICT Household Indicators (EGH) on issues related to indicators and topics that are common to both groups

EGTI's method of work

Meeting format/documentation

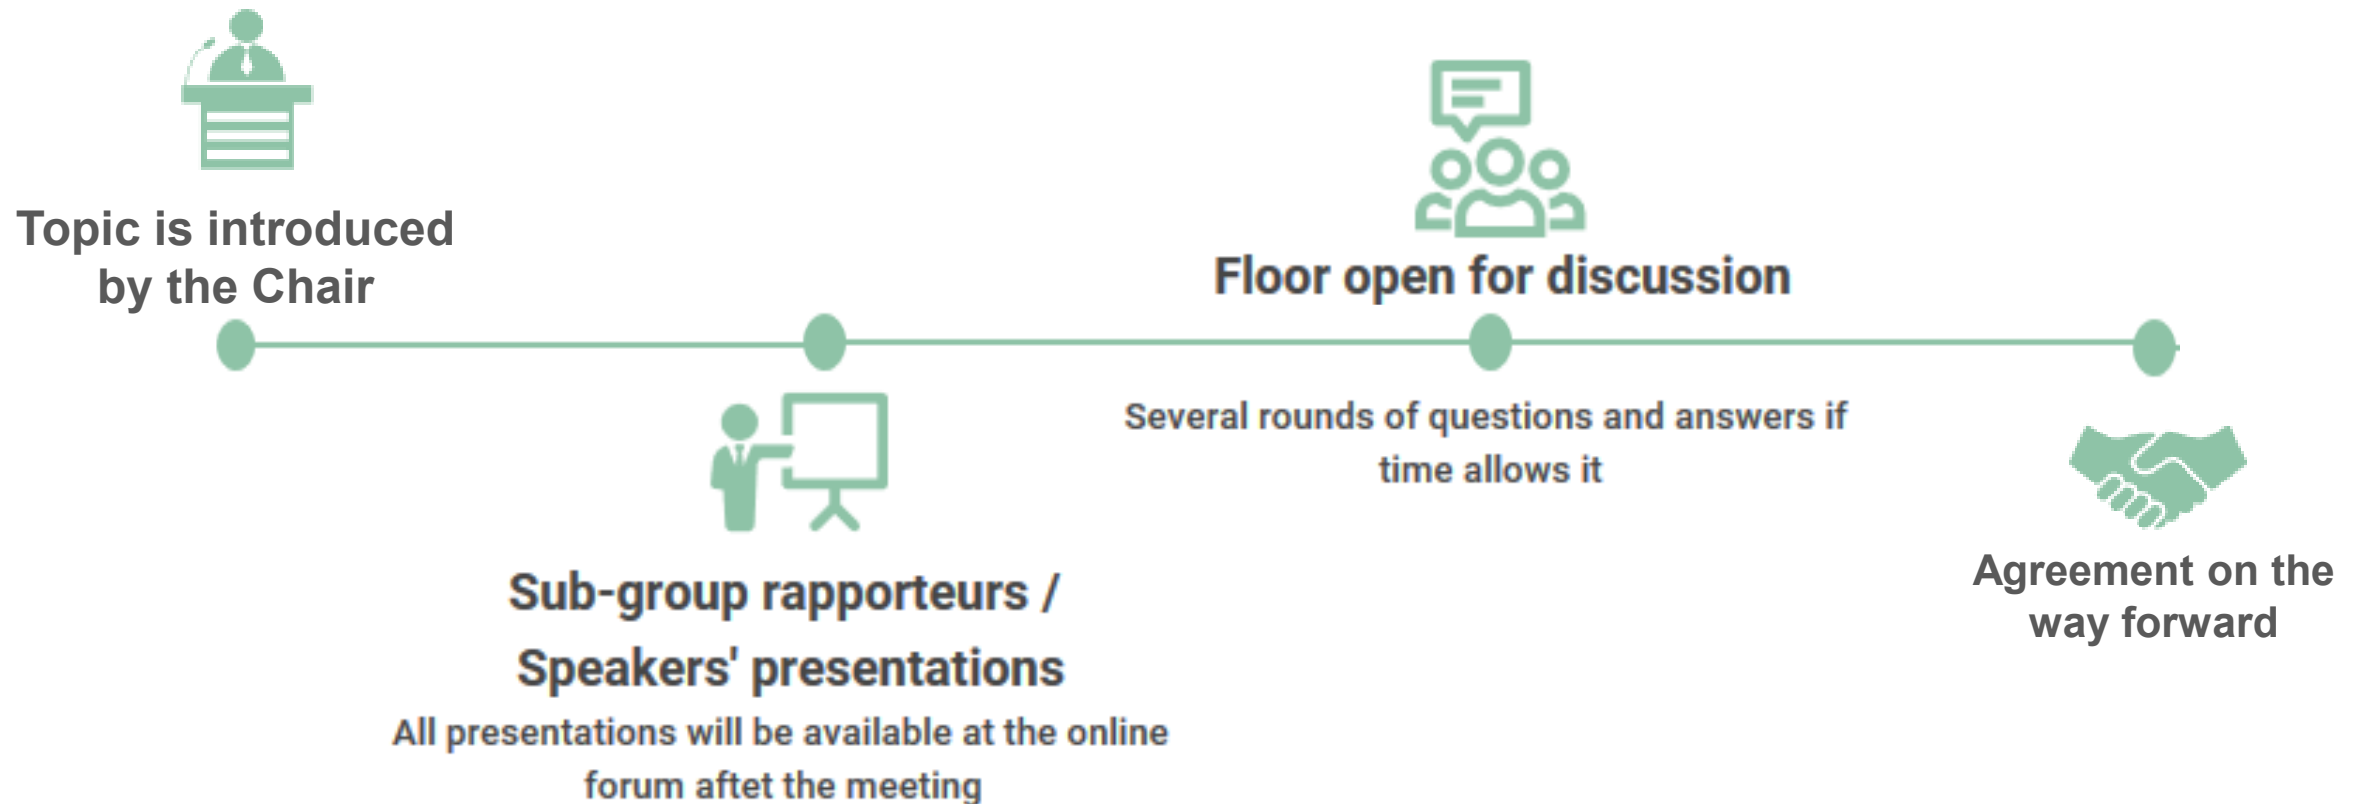

Documents summarizing the work of sub-groups and the questions addressed are available for download from the event website, these will guide our discussions.

These documents were posted online on the EGTI online forum (see link below) and on the event website.

<https://www.itu.int/net4/ITU-D/ExpertGroup/default.asp>

Experts are encouraged to actively participate in the discussion.

Working methods

Thank you

Bernard Banda
Chair, EGTI
