

Vous avez besoin

- ▶ D'identifier les acteurs du marché des TIC dans les pays en développement
- ▶ De cibler les entreprises à la recherche de partenaires commerciaux, techniques, financiers, etc.
- ▶ De promouvoir vos projets de développement et vos opportunités commerciales

**Plus de 2500 entreprises
répertoriées**

OPERITU

Union
internationale des
télécommunications

**La base de
données en
ligne UIT/BDT
des opérateurs
de télécommunication/
fournisseurs de
services dans les pays
en développement**

Suite à la libéralisation généralisée du marché des télécommunications, accompagnée de l'ouverture à la concurrence et la privatisation, on assiste à l'émergence de nouveaux opérateurs et fournisseurs de services qui offrent des perspectives de coopération avec des entreprises désireuses de participer au développement des télécommunications dans les pays en développement.

L'UIT/BDT, considérant cet essor rapide, a mis en évidence la nécessité d'identifier de manière précise les différents acteurs présents sur le marché des télécommunications et a créé une base de données en ligne sur les opérateurs de télécommunication/fournisseurs de services dans les pays en développement.

► **Quelles sont les entreprises opérant actuellement dans chaque pays en développement?**

► **Quels sont leurs principaux projets de développement?**

► **Quelles sont celles à la recherche de partenaires commerciaux?**

Telles sont les **questions** auxquelles la base de données peut apporter des **réponses**

Un outil précieux

pour:

- Identifier les opérateurs agréés dans 159 pays en développement
- Faciliter les contacts commerciaux entre les différents acteurs du marché
- Promouvoir les principaux projets de développement des opérateurs
- Cibler les opportunités commerciales
- Favoriser l'établissement de partenariats (financiers, commerciaux, techniques, etc.)

à l'intention des:

- Opérateurs/fournisseurs de services
- Fournisseurs de matériel/logiciels
- Investisseurs
- Consultants
- Associations
- etc.

Comment vous inscrire **gratuitement**:

Pour les opérateurs et les fournisseurs de services des pays en développement qui souhaitent manifester leur présence, promouvoir leurs projets de développement, rechercher des partenaires ou trouver des débouchés commerciaux.

C'est très simple:

Allez sur le site web ITU/BDT/PSPU:

<http://www.itu.int/ITU-D/partners/index-fr.html> et **complétez en ligne** le nouveau questionnaire 2003 **ou**

Contactez: **Partenariats, Promotion et Relations avec les Membres UIT-D (PPM)**
Tél.: +41 22 730 6471
Fax: +41 22 730 5484
E-mail: ppm@itu.int

Comment passer commande:

Le prix du catalogue électronique OPERITU n'est que de 300 CHF par année. Des réductions spéciales sont consenties aux Etats Membres et aux Membres des Secteurs de l'UIT ainsi qu'aux pays les moins avancés.

Vous pouvez **commander immédiatement en ligne** à l'adresse: <http://www.itu.int/ITU-D/partners/index-fr.html> **ou**

Envoyer un courrier électronique ou un fax à:

UIT
Division des ventes et du marketing
Fax: +41 22 730 5194
E-mail: sales@itu.int
