Administrative Circular
CAR/225

26 October 2006

To Administrations of Member States of the ITU

Subject: Radiocommunication Study Group 6

- **Proposed adoption of 5 draft revised and 3 draft new Recommendations and their simultaneous approval by correspondence in accordance with § 10.3 of Resolution ITU-R 1-4 (Procedure for the simultaneous adoption and approval by correspondence)**
- **Proposed deletion of 4 Recommendations**

At the meeting of Radiocommunication Study Group 6, held on 18 and 19 September 2006, the Study Group decided to seek adoption of 5 draft revised and 3 draft new Recommendations by correspondence (§ 10.2.3 of Resolution ITU-R 1-4) and further decided to apply the procedure for simultaneous adoption and approval by correspondence (PSAA), (§ 10.3 of Resolution ITU-R 1-4). In accordance with the interim procedures recommended by the RAG at its meeting in November 2004*, the draft Recommendations in English, as revised at the meeting of Study Group 6, are enclosed with this letter.

The consideration period shall extend for 3 months ending on 26 January 2007. If within this period no objections are received from Member States, the draft Recommendations shall be considered to be adopted by Study Group 6. Furthermore, since the PSAA procedure has been followed, the draft Recommendations shall also be considered as approved. However, if any objection is received from a Member State during the consideration period, the procedures given in § 10.2.1.2 of Resolution ITU-R 1-4 shall apply.

After the above-mentioned deadline, the results of the PSAA procedure shall be announced in an Administrative Circular (CACE) and the approved Recommendations published as soon as practicable.

The meeting of ITU-R Study Group 6 (18-19 September 2006) also proposed the deletion of 4 Recommendations. These are listed in Annex 2.

* [See Administrative Circular CA/145](#).

Any ITU member organization aware of a patent held by itself or others which may fully or partly cover elements of the draft Recommendation(s) mentioned in this letter is requested to disclose such information to the Secretariat as soon as possible. The “Statement on Radiocommunication Sector Patent Policy” is contained in Annex 1 of Resolution ITU-R 1-4.
