Circular Letter
1/LCCE/86

30 October 2009

To Administrations of Member States of the ITU
and Radiocommunication Sector Members participating in the
work of Radiocommunication Study Group 1

Subject: **Radiocommunication Study Group 1**

– **Proposed adoption by correspondence of 1 draft new Recommendation and 1 draft revised Recommendation**

– **Proposed suppression of 1 Recommendation**

At the meeting of Radiocommunication Study Group 1, held on 24 September 2009, the Study Group decided to seek adoption of 1 draft new Recommendation and 1 draft revised Recommendation according to § 10.2.3 of Resolution ITU-R 1-5 (Adoption by a Study Group by correspondence). The titles and summaries of the Recommendations are given in Annex 1. Furthermore, the Study Group proposed the suppression of 1 Recommendation which is listed in Annex 2.

The consideration period shall extend for two months ending on 30 December 2009. If no objections are received from Member States during this period, the approval by consultation procedure of § 10.4.5 of Resolution ITU-R 1-5 will be initiated. However, any Member State who objects to the continuation of the approval procedure for the draft Recommendation is requested to advise the Director of the reason and to indicate possible changes to the text in order to resolve the problem.

Any ITU member organization aware of a patent held by itself or others which may fully or partly cover elements of the draft Recommendation(s) mentioned in this letter is requested to disclose such information to the Secretariat as soon as possible. The Common Patent Policy for ITU-T/ITU-R/ISO/IEC is available at http://www.itu.int/ITU-T/dbase/patent/patent-policy.html.

Valery Timofeev
Director, Radiocommunication Bureau

Annex 1: Title and summary of the draft Recommendations

Annex 2: Recommendation proposed for suppression

Documents attached: Documents 1/71(Rev.1) and 1/72(Rev.1), on CD-ROM

Distribution:

- Administrations of Member States and Radiocommunication Sector Members participating in the work of Radiocommunication Study Group 1
- ITU-R Associates participating in the work of Radiocommunication Study Group 1
- Chairman and Vice-Chairmen of Radiocommunication Study Group 1
- Secretary-General of the ITU, Director of the Telecommunication Standardization Bureau, Director of the Telecommunication Development Bureau

Annex 1

Titles and summaries of the draft Recommendations

Draft new Recommendation ITU-R SM.[DVB-T-COVERAGE] Doc. 1/71(Rev.1)

DVB-T coverage measurements and verification of planning criteria

This Recommendation describes methods for DVB-T coverage measurements and their evaluation.

Draft revision of Recommendation ITU-R SM.1753 Doc. 1/72(Rev.1)

Method for measurements of radio noise

The current version of Recommendation ITU-R SM.1753 includes methods to measure radio noise but is limited to the white Gaussian noise component only. This revision of the Recommendation is based on latest knowledge in this complex field and describes how to measure and evaluate all components of radio noise including impulsive noise.

Annex 2

Recommendation proposed for suppression

Recommendation ITU-R	Title
SM.1538-2	Technical and operating parameters and spectrum requirements for short-range radiocommunication devices
