WSIS Overall Review: Background

- The World Summit on the Information Society (WSIS) Outcome Documents and the **UN General Assembly Resolution 60/252** resolved to conduct an overall review of the implementation of the Summit outcomes in 2015.
- The modalities for the Overall Review were discussed at the 68th Session of the UN General Assembly. **Modalities were expected to be finalized by end of March 2014.**
- Following the guidance of its Membership (**PP-10 Resolution 172**) ITU initiated coordination process at the UNCEB level leading towards the open consultations on the Overall Review under UNGIS umbrella.

WSIS Overall Review: Background

- **UNGIS Open Consultation** provided input to WSIS Forum 2012 where consensus was developed on the **Action Plan for WSIS+10 Review**, consisting of series of events including
 - **First WSIS+10 Review Meeting**, which was hosted by UNESCO, co-organized by UNESCO, ITU, UNCTAD, UNDP and was held in Paris in February 2013
 - **WSIS Forum 2013**, and its WSIS+10 Visioning Challenge, which were held in May 2013
 - **ITU coordinated WSIS+10 High Level Event**, which was scheduled to be held in April 2014 and later on postponed to June 2014

WSIS Overall Review: Background

- **Government of Egypt** proposed to host the ITU Coordinated WSIS+10 High-Level Event in Sharm el-Sheikh, in April 2014, which was welcomed by CSTD and later on by ECOSOC in its resolution E/RES/2013/9.
- **ITU Council Resolution 1334 (Mod. 2013)** agreed on the format of the event, expected the outcomes, preparatory process and modalities for event.
- **Preparatory Process as WSIS+10** Multistakeholder Preparatory Platform started in July 2014 and consists of Six Phases.
- In February 2014 it was decided that the ITU coordinated WSIS+10 Level Event will be held from **9-13 June 2014 in Geneva**

Objectives

- The WSIS+10 High-Level Event will review the WSIS Outcomes (2003 and 2005), in particular, related to the Action Lines with a view to developing proposals on a new vision beyond 2015, potentially also exploring new targets.

The meeting will be organized taking into account decisions of the 68th Session of the UN General Assembly (negotiations on modalities started on 23 October 2013)

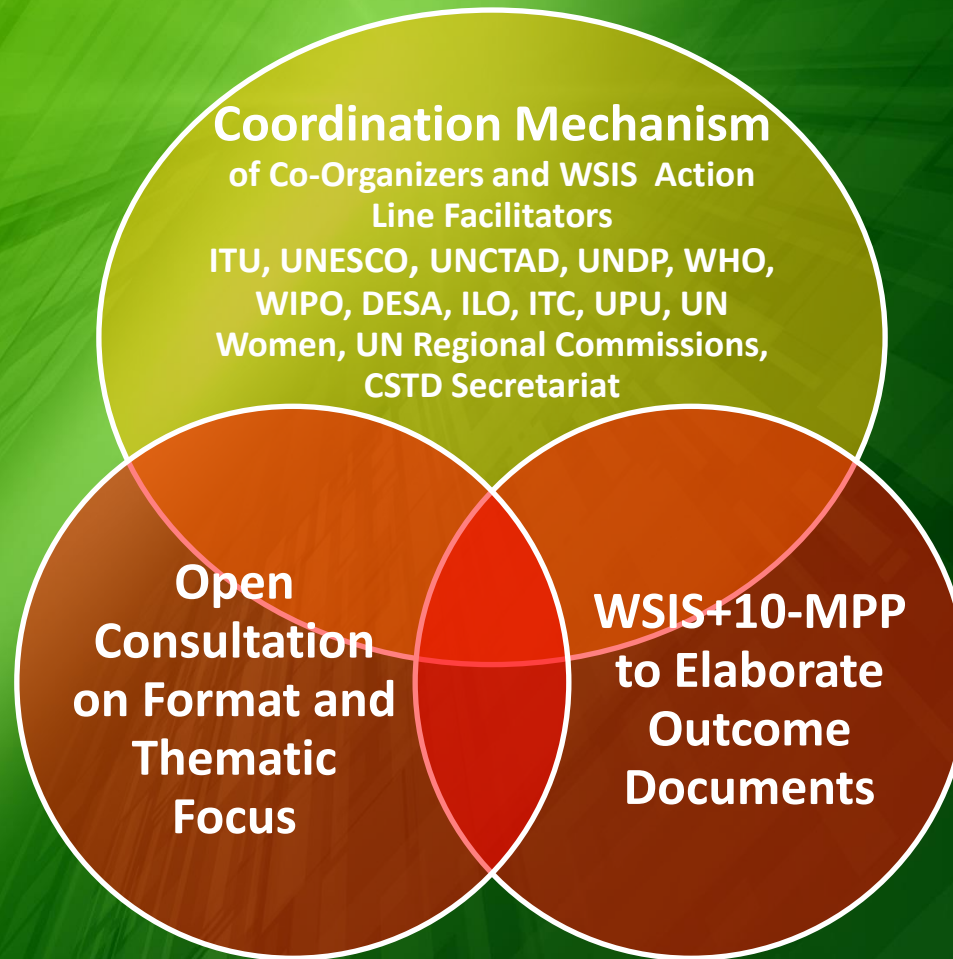

WSIS+10 High-Level Event: Expected Outcomes

**1) WSIS+10 Statement on
Implementation of WSIS Outcomes**

Accreditation Process

- **Accreditation is required to attend the High-Level Event.**
- Accreditation is a continuous process. An organization that has been granted accreditation to attend an MPP(WSIS+10 HLE Open Consultation Process) will normally be entitled to attend all subsequent MPPs and the High-Level Event, under the condition that the status of the entity and/or participant has not evolved since the last accreditation.
- **The following entities will be automatically accredited:**
 - a Member State of the United Nations or of one of its Specialized Agencies; the European Union; any entity, intergovernmental organization and other entities that have received a standing invitation from the UN General Assembly to participate in the capacity of observers in the sessions and work of all international conferences convened under the UNGA auspices; the Specialized Agencies, the IAEA, the WTO, the OPCW and the CTBTO; other intergovernmental organizations invited by the ITU Secretary-General; interested organs of the United Nations; associate members of UN Regional Commissions; ITU Sector Members, Associates and Academia; Non-governmental organizations, civil society and business sector entities that have physically attended WSIS Forum from 2010 to 2013 (under condition that their status has not evolved since their last accreditation).
- **Other non-governmental organizations, civil society and business sector entities not yet accredited**, wishing to attend the High-Level Event, and contribute, need to fill out this form with the required information and send it to wsis-accreditation@itu.int.
- ***Kindly note that the deadline for Accreditation requests is 25 May 2014. This applies for non-governmental organizations, civil society and business sector entities not already accredited to the WSIS process.***

Registration

- Registration for all entities is facilitated if done by **focal point (DFP) of the respective entities**. Therefore, we strongly encourage accredited entities to designate a DFP who will be responsible for handling registration of participants via username and password.
- Your organization needs to have been duly accredited before a Focal Point may be designated.
- Each accredited participant will receive an e-confirmation to the email address provided in the registration form.
- **The e-confirmation will be the sole document provided for visa support.**

Badging

- Badging will be made in the **ITU Montbrillant Building**
- Please note that blue badge **will not be accepted** for entering CIG.

Policy Statements

World Summit on the Information Society+10 (WSIS+10) High-Level Event will be held in ITU Headquarters, Geneva, 10-13 June 2014. A series of pre-event meetings will also be held on 9 June 2014. The WSIS+10 High-Level Event will be an extended version of the WSIS Forum and is expected to endorse the "WSIS+10 Statement on Implementation of WSIS Outcomes" and the "WSIS+10 Vision for WSIS Beyond 2015". These Outcome Documents are, at present, being developed in an open and inclusive preparatory process (WSIS+10 MPP).

The Event will build upon two tracks, the *High-Level Track*, consisting of formal statements, handing over of prizes, and endorsement of the Outcome Documents, and the *Forum Track*. Building upon the tradition of annual WSIS Forum May meetings, the Forum track's format and thematic focus are the result of an open consultation process with the involvement of all WSIS Stakeholders. This will offer participants a series of high-level panels, a ministerial round table, action line facilitation meetings, country workshops, thematic workshops and knowledge exchanges, as well as an exhibition. The Forum track will address issues that are critical to WSIS implementation and follow-up in multi-stakeholder settings. It will include discussions on implementation of WSIS related activities beyond 2015.
