

## WSIS+10 High-Level Event

### Open Consultation Process

# Official Submission Form #1 on the Outcome Documents of the WSIS +10 High-Level Event 13-17 April 2014, Sharm el-Sheikh

**Background:** The WSIS+10 High-Level Event will be an extended version of the WSIS Forum to address the progress made in the implementation of the WSIS outcomes related to the WSIS Action Lines under mandates of the participating agencies, while providing a platform for multistakeholder coordination of the implementation of the WSIS outcomes, with involvement and participation of all WSIS action line facilitators, other UN agencies and all WSIS stakeholders.

The WSIS+10 High-Level Event will review the WSIS Outcomes (2003 and 2005) , in particular, related to the Action Lines with a view to developing proposals on a new vision beyond 2015, potentially also exploring new targets. The meeting will be organized taking into account decisions of the 68th Session of the UN General Assembly.

This open and inclusive open consultation process will result in:

- Draft Outcome Documents for consideration by the WSIS+10 High-Level Event, by 1st March 2014:
  - Draft WSIS+10 Statement on Implementation of WSIS Outcomes
  - Draft WSIS+10 Vision for WSIS Beyond 2015 under mandates of the participating Agencies

*(Please see the Official Submission Form #1)*

- Multistakeholder guidance on the Thematic Aspects and Innovations on the Format of the WSIS +10 High-Level Event.

*(Please see the Official Submission Form #2)*

Please note that formal submission should be sent to the [wsis-info@itu.int](mailto:wsis-info@itu.int) not later than **20 September 2013**.

## A. Your Information

---

**Title:** Mr

**First name:** Juan Francisco                      **Last name:** Gonzalez

**Organization:** Innovation Technologies and Informatic Office of the Presidency of El Salvador

**Organization type:** Government                      **Country:** El Salvador

## B. Formal Input on the WSIS+10 High-Level Event Outcome Documents

---

Referring to the background documents i.e. the WSIS +10 Visioning Challenge, the Final Statement and Final Recommendations from the WSIS+10 Review Event Towards Knowledge Societies for Peace and Sustainable Development, the Booklet WSIS Forum 2012 & 2013: Identifying Emerging Trends and a Vision Beyond 2015 and the WSIS Forum 2013 Outcome Document, all WSIS Stakeholders are kindly invited to provide formal submissions and inputs towards the Outcome Documents of the WSIS+10 High-Level Event.

### 1. Draft WSIS+10 Statement on Implementation of WSIS Outcomes

*(Please note that the anticipated length of this Statement is two pages)*

Since the two Summits, in 2003 and 2005, WSIS Stakeholders have made every effort in implementing a common vision of the Information Society.

Overall;

- a) What are the main achievements in the area of the information society, in particular, in the implementation of the WSIS Action Lines, in the past ten years?

The engage of the governments, social society and businesses to work together in order to accomplish some of the WSIS Action Lines, even when economy dynamics and natural disaster may be a challenge in the invest in activities and resources to improve in the information society of the countries.

- b) What key identified challenges would need to be addressed in the next 10 years?

To strengthening the concept and incorporation of “information society” into the development agenda of the countries.

To improve the ICT penetration as platform for the information society.

To revise and provide sub-lines for countries that have not shown advances in the implementation of the WSIS Action Lines in the last ten-years.

- c) What do the WSIS Stakeholders envision for an information/ knowledge society ensuring that the youth, women, poor, persons with disabilities and indigenous peoples benefit from the enormous opportunities provided by the ICTs?

It does in order that the Action Lines provide general lines for the action of the government, businesses and civil society to work for the penetration of the ICT, the ensure of the human rights

by internet and the providing of the tools for the digital inclusion of the society with priority of the excluded groups.

## 2. Draft WSIS +10 Vision for WSIS Beyond 2015 under mandates of the participating agencies (Definition of new priorities and objectives for WSIS Action Lines beyond 2015)

*Please note: Participating agency refers to the Agencies tasked by the WSIS Outcomes to lead facilitation of WSIS Action Lines; See Annex to the Tunis Agenda for the Information Society.*

- a) In your opinion, what are the **key emerging trends** in the Information and Communication Technology (ICT) landscape that should be considered in the implementation of WSIS Action Lines beyond 2015? **Please specify the Action Line you are providing an input for.**

- c) In your opinion are there any priority areas that need to be addressed in the implementation of WSIS Beyond 2015.

e-Government  
Infrastructure and Broadband  
Digital Economy

### 3. Ensuring accountability of the WSIS Action Lines beyond 2015 (Targets and Indicators for an open and inclusive information/knowledge society for all beyond 2015)

*Please note that information provided under this point will be relevant to the second physical meeting of the open consultation process on WSIS+10 High-Level Event.*

- a) How can the **monitoring and evaluation** of future implementation of the WSIS process, in particular, the Action Lines be better enabled?

Evaluate the educational progress of the region based on the adoption, use and appropriation of technology for digital educational content, promote distance education and broaden the base of registrations, identifying effective patterns of virtual education.

Encourage broadband connectivity and responsible and productive use in schools and colleges thereby increasing the use of digital educational resources and the density of computers. In particular, the regional network promoting science, technology, innovation and research and development of interactive applications for education and training of teachers, teachers in information technology and communications that facilitate their successful integration of these processes in teaching and learning.

- b) What are the **priority areas** that the post-2015 WSIS process should focus on and which goals and targets could monitor the new vision for WSIS beyond 2015?

Establish measures to boost the role of regional bodies such as horizontal collaboration space, but mainly define support in promoting best practices, funding and individual action fields.

Encourage the info-alphabetization and digital media literacy and within the institutions of government and effective mechanisms to generate quality and improvement in government services for digital media, while promoting interoperability.

To guide efforts toward social supports less advanced countries in this field to stimulate the creation and financing of PDAs (which include security components) and telecommunications and the creation of national strategic and operational entities to run and have as ultimate social inclusion digital media and governmental technological innovation as a key factor for competitiveness.

### 4. Any additional comments or suggestions
