Subject:	**ITU Centres of Excellence Network for Europe - eLearning course on "Future Internet", 29 May - 25 June 2012**		

Dear Sir/Madam,

On behalf of the International Telecommunication Union (ITU), I would like to invite your organization to participate in a eLearning course on **"Future Internet"**, to be conducted from **29 May to 25 June 2012**. This course has been developed by the Faculty of Electrical Engineering and Information Technologies, Ss. Cyril and Methodius University in Skopje, FYR of Macedonia, under the aegis of the ITU Centres of Excellence Network for Europe.

This course is targeted at managers, engineers and employees from regulators, government organizations, telecommunication companies and academia, who are interested in development, implementation and regulation of future Internet, from technology, regulation and business aspects. Other institutions and individuals dedicated in building their human capacity related to this subject are also welcome to participate.

I cordially invite your organization to propose candidates to participate in this course. The objectives, the methodology and the expected profile of participants are described in the document entitled "Course Description" which can be downloaded from the ITU Academy Portal at the following link http://academy.itu.int/index.php?option=com_k2&view=item&id=930. Please note that this course will be conducted in English and will be delivered through the ITU Academy.

Registration should be made online at the aforementioned link no later than **28 May 2012**. An enrolment key, compulsory for completing the online registration, is provided in the "Course Description".

A training fee of USD 100 per participant is being applied for this course. Payment should be made online when registering.

I hope that this training opportunity will contribute to the development of future Internet in your country.

Should you need any further information, please do not hesitate to contact us.

Yours faithfully,
