Dear Sir/Madam,

On behalf of the International Telecommunication Union (ITU), I am pleased to invite you to the Regional Workshop for the CIS countries on “Harmonization of Telecommunication/ICT Indicators with International Standards”, organized by the Telecommunication Development Bureau and held in Nakhichevan, Azerbaijan, on 24-26 April 2013, at the kind invitation of the Ministry of Communication and Information Technologies of the Republic of Azerbaijan.

The objective of the workshop is to strengthen the capacity of countries to produce national statistics and indicators on telecommunications and ICTs. It is intended for experts who are responsible for collecting or producing such statistics in ministries, regulatory agencies and national statistical offices.

The workshop will discuss the main groups of telecommunication/ICT indicators collected by ITU, their definitions and methodological issues, the dissemination and harmonization of ICT data at the international level, as well as existing mechanisms of national coordination of ICT statistics. Also, the participants will have the opportunity to share the experience of their countries in the collection, harmonization and coordination of telecommunication/ICT indicators.

Please note that the languages of the meeting are Russian and English. Simultaneous interpretation from/into English will be provided. The workshop will be paperless and all materials, including presentations will be available on the ITU site: <http://www.itu.int/ITU-D/ict/events/>.

While there is no registration fee, all expenses of the workshop participants are to be covered by the sending organization.
