

Digital is a Transition *from formal to include informal*
from physical world to include immaterial goods
from membership in an Industrial Society to
Stewardship for People, Life, Planet

Material World

- Goods
- Monetary Value
- Physical assets like houses, cars
- Scientific Statements
- Economic Impact
- Richness of physical connection

Immaterial World

- Goods and Services
- Value of things beyond money
- Intellectual and cultural assets
- Narrative Journey
- Emotional Impact
- Richness of digital connection

**An Internet of, by
and for the People**
