

COVERING NOTE

GENERAL SECRETARIAT INTERNATIONAL TELECOMMUNICATION UNION

**Subject: APPLICABILITY OF 1984 VALUES OF STANDARD
ACCOUNTING RATE SHARES COMPONENTS**

Geneva, August 1998

Recommendation ITU-T D.301 R (03/95)

TELECOMMUNICATION
STANDARDIZATION SECTOR
OF ITU

Recommendation ITU-T D.301 R (03/95)

Determination of accounting rate shares and collection charges in telex relations between countries in Europe and the Mediterranean Basin

The values of the standard accounting rate shares components contained in Recommendation D.301 R were approved in 1984 and are therefore no longer regarded as applicable by the members of the TEUREM Group. Although therefore no longer current, the values are retained in this Recommendation for historic reference purposes only to assist in bilateral negotiations pending a replacement mechanism based on the results of the current Study Group 3 studies.
