Recommendation A.12

COLLABORATION WITH THE INTERNATIONAL ELECTROTECHNICAL COMMISSION ON THE SUBJECT OF DEFINITIONS FOR TELECOMMUNICATIONS

*(Geneva, 1964; amended at Mar del Plata, 1968
and Geneva, 1972; Melbourne 1988)*

The CCITT,

unanimously recommends

that in order to provide an internationally agreed vocabulary of telecommunications, the CCITT should cooperate with the CCIR and the International Electrotechnical Commission for the purpose of preparing those sections concerned with telecommunications in a new edition of the International Electrotechnical Vocabulary.

It is understood that for this purpose there is established:

- a *joint coordination group* (JCG) composed of members of the IEC and of the ITU;
- a number of groups of technical experts set up by the joint coordination group to prepare the drafts of the various sections of the *Telecommunications vocabulary*.
