**Subject: APPLICABILITY OF 1984 VALUES  
OF THE ANNUAL RENTAL**

Geneva, August 1998

**Recommendation ITU-T D.310 R (03/95)**

TELECOMMUNICATION  
STANDARDIZATION SECTOR  
OF ITU

Recommendation ITU-T D.310 R (03/95)

**Determination of rentals for the lease of international programme (sound- and television-) circuits and associated control circuits for private service in relations between countries in Europe and the Mediterranean Basin**

The values of the annual rental contained in Recommendation D.310 R were approved in 1984 and are therefore no longer regarded as applicable by the members of the TEUREM Group. Although therefore no longer current, the values are retained in this Recommendation for historic reference purposes only to assist in bilateral negotiations pending a replacement mechanism based on the results of the current Study Group 3 studies.
